Funk, 1978      Genetic Modification and Food Quality Robert Blair, Joe M. Regenstein, 2015-08-03 The development of recombinant DNA methods has changed the face of the food industry over the last 50 years Crops which have been genetically modified are being cultivated in more and more countries and this process is likely to accelerate as desirable traits are identified and transferred to appropriate organisms and they are cleared by the regulatory authorities However the technique has its critics who claim that modification of the genome of the plant or animal in this way may pose unknown and unacceptable risks to the human consumer Genetic Modification and Food Quality A Down to Earth Analysis is the first comprehensive text on how GM production methods influence the quality of foods and feeds based on a complete and unbiased assessment of the scientific findings It presents a balanced analysis of the benefits

and drawbacks of gene modified food sources in the human diet Chapters approach the topic with regard to different food types such as cereal grains oilseed crops vegetables fish and animal products Assessing the nutritive value as well as the health and safety of GMO foods this book is a reference for anyone working in the food production industry and will also be of an interest to NGOs trade associations and consumers who are looking for an objective balanced study of this contentious issue *The Indian Journal of Agricultural Economics* ,2000 Vols include Proceedings of the conference of the Indian

Society of Agricultural Economics **Resourcing an Agroecological Urbanism** Chiara Tornaghi, Michiel

Dehaene, 2021-03-07 Foregrounding an innovative and radical perspective on food planning this book makes the case for an agroecological urbanism in which food is a key component in the reinvention of new and just social arrangements and ecological practices Building on state of the art and participatory research on farming urbanism food policy and advocacy in the field of food system transformation this book changes the way food planning has been conceptualised to date and invites the reader to fully embrace the transformative potential of an agroecological perspective Bringing in dialogue from both the rural and urban the producer and consumer this book challenges conventional approaches that see them as separate spheres whose problems can only be solved by a reconnection Instead it argues for moving away from a food in the city approach towards an urbanism perspective in which the economic and spatial processes that currently drive urbanisation will be unpacked and dissected and new strategies for changing those processes into more equal and just ones are put forward Drawing on the nascent field of urban political agroecology this text brings together i theoretical re conceptualisations of urbanism in relation to food planning and the emergence of new agrarian questions ii critical analysis of experimental methodologies and performing arts for public dialogue reflexivity and food sovereignty research iii experiences of resourceful land management including urban land use and land tenure change and iv theoretical and practical exploration of post capitalist economics that bring consumers and producers together to make the case for an agroecological urbanism Aimed at advanced students and academics in agroecology sustainable food planning urban geography urban planning and critical food studies this book will also be of interest to professionals and activists working with food systems in both the Global North and the Global South *Handbook of Research on Managing the Urban-Rural Divide Through an Inclusive Framework* Popoola, Ayobami Abayomi, Magidimisha-Chipungu, Hangwelani Hope, Chipungu, Lovemore, 2023-02-10 In recent years the growing disparities between rural and urban areas in developing countries have been a cause of major concern The rural urban gap remains the single most well documented development and welfare disparity in the developing world This gap can be seen in the low economic activities higher poverty levels and lower quality infrastructure and services in rural areas as opposed to urban areas While the magnitude of this rural urban divide is well documented very little has been documented about its impact on inclusive and sustainable urban development The Handbook of Research on Managing the Urban Rural Divide Through an Inclusive Framework aims to capture the spatial and socio economic divide between rural

and urban areas and provides a road map to revamping the discussion that surrounds the urban rural sphere Covering key topics such as development food security and rural regions this premier reference source is ideal for policymakers government officials industry professionals researchers academicians practitioners scholars instructors and students
