What's in a Name? [On the substitution of the name "England" for "Great Britain."] William BURNS (of Glasgow.),1860 What is in a Name? Farhang Zabeeh,2012-12-06 Your Longing Has a Name Dominic Done,2022-04-26

Have you ever wondered who God had in mind before you came to be Dominic Done examines seven gifts that when practiced through the help of the Holy Spirit will restore you cause you to flourish and empower you to come alive to the story you were made for How is the health of your soul Is the deepest part of you flourishing or is it languishing and gasping for air Life lately has been filled with exhausting challenges personal loss political division economic turmoil faith deconstruction and isolation And our soul feels it Yet in the face of uncertainty the Bible assures us we can thrive inwardly Jesus promised his followers the abundant life But how do we find it How can we flourish in difficult times In *Your Longing Has a Name* author Dominic Done casts a beautiful vision of hope revealing seven gifts God has provided for the health of the soul He weaves together A unique approach to understanding our purpose Fresh language designed for current times of crisis and spiritual uncertainty Soulful theology that focuses on our identity in Christ rather than rules based legalism Deeply moving personal stories biblical insights and relatable discussions on the human ache for meaning Examples from history literature art and culture *Your Longing Has a Name* paints a picture of hope during a time of crisis and confusion and helps us find ways for our soul to come alive

Europe - What's in a Name Peter H. Gommers,2001 Europe is a word that is almost daily on our lips But how far do we have to go back in order to find the origins of its name The first part of this beautifully illustrated book traces the geographical and mythological basis of Europe's name Who came up with the idea to distinguish the world in continents with proper names The search will bring the reader back to the early history of mankind How did the ancient Egyptians see the world and populations around them Where did the Hebrews get the idea to split the world in three And what was the world picture in ancient Greece laid down in geographic treatises and fragments Where did the name Europe originate from Could it be from a person either mortal or divine In ancient Greek literature the name Europa appears quite frequently for Greek goddesses and Greek women Strangely enough the best known Europa myth concerns a Phoenician princess loved by the Greek god Zeus Many mythographs doubt the Asian descent of the Phoenician Europa Is her real origin to be located on mainland Greece How can the contradicting Greek myths be interpreted and was the name universally accepted as the name for the continent In the second part of this book the author tells the amazing story of how the Arts have treated the Europa myths for almost three millennia He shows the extraordinary influence of the personification of the geographic continent Europe on literature music sculpture painting tapestry and other applied arts All this clearly demonstrates the vivid interest in Europe for the subject throughout the ages and illustrates according to Karel van Miert in his Foreword our common European culture
