Selected Poems Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around Collected poems pretend to be complete but usually are not Selected poems are altogether unpretentious and reader friendly But they can be problematic Who decides what poems are important for inclusion in a volume of selected poems When the selection occurs during the author's lifetime may one assume that the author was involved What motivates the choice of one poem over another How do readers' preferences influence this choice How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now They offer new insight into the uses both pedagogical and critical of selection Because Selected Poems usually address a large general public these essays have also been written for all those who wish to know more about how these slimmer more attractive volumes are produced *The Collected Poems of Kathleen Raine* Kathleen Raine, 2019-06-18 In compiling her Collected Poems Kathleen Raine drew from six decades of poetry to decide the canon by which she wished to be judged and remembered The result was this definitive edition now published by Faber Faber which on first release in 2001 was welcomed both by Raine's admirers and by those newly discovering a poet who has unfailingly given voice to a vision of life in which the temporal in all its modes and places is imbued with the numinous and the eternal The Contemporary Review, 1921 *Select Poems of Sidney Lanier* Sidney Lanier, 1895 Select Poems John Marshall, Orlando John Stevenson, 1904 Ted Hughes: New Selected Poems Neil Roberts, 2007-01-01 This book opens with a section on Hughes's life including an authoritative treatment of the relationship with Sylvia Plath and the effect of her suicide on his poetry and reputation followed by a review of Hughes's artistic strategies his poetic language and influences on his work including his openness to mythology and the poets of Eastern Europe The body of the book offers an approach to reading New Selected Poems 1995 taking in turn each of the remarkable and remarkably varied works from which the poems were selected The Hawk in the Rain Lupercal Wodwo Crow Cave Birds Season Songs Gaudete Remains of Elmet Moortown Diary River and Wolfwatching It concludes with a review of Hughes's reception and a six page bibliography **Selected Poems** Joseph Brodsky, 1973 Collected Poems Stéphane Mallarmé, 2011-01-15 In this classic tale Richard Kim paints seven vivid scenes from a boyhood and early adolescence in Korea at the height of the Japanese occupation 1932 to 1945 Taking its title from the grim fact that the occupiers forced the Koreans to renounce their own names and adopt Japanese names instead the book follows one Korean family through the Japanese occupation to the surrender of the Japanese empire Lost Names is at once a loving memory of family and a vivid portrayal of life in a time of anguish Selected Poems of Emily Dickinson Emily Dickinson, 1959 This enthralling collection contains more than 400 poems that were published between 1866 the year of
