The Aramaic Dead Sea Scrolls from Qumran have attracted increasing interest in recent years. These texts predate the sectarian Dead Sea scrolls and they are contemporary with the youngest parts of the Hebrew Bible. They offer a unique glimpse into the situation before the biblical canons were closed. Their highly creative Jewish authors reshaped and rewrote biblical traditions to cope with the concerns of their own time. The essays in this volume examine this fascinating ancient literature from a variety of different perspectives. The book grew out of an international symposium held at the University of Copenhagen in August 2017.

Falk, 2007-05-03

This book introduces the reader to a fascinating genre of writings that retell biblical narratives in various ways. They reflect the concerns and methods of early Jewish interpreters of Scripture. Daniel Falk surveys the content and major scholarly issues of three key examples: Genesis Apocryphon 1QapGen Reworked Pentateuch 4Q158 364 5 and Commentary to Genesis 4Q252 4. Particular attention is paid to exploring why and how the authors interpret the Scriptural text in their distinctive ways. The book traces continuity and discontinuity with other Jewish and Christian traditions and reflects on the significance of these texts for the status of Scripture and the boundary between Scripture and interpretation. Drawing on the latest research and reconstructions of the texts and with extensive bibliographies, this is an authoritative guide for the student or the non specialist scholar.
