By Paths In Hebraicland:

The Political Philosophy of Zionism Eyal Chowers, 2012-02-27 Zionism emerged at the end of the nineteenth century in response to a rise in anti-Semitism in Europe and to the crisis of modern Jewish identity. This novel national revolution aimed to unite a scattered community defined mainly by shared texts and literary tradition into a vibrant political entity destined for the Holy Land. However, Zionism was about much more than a national political ideology and practice. By tracing its origins in the context of a European history of ideas and by considering the writings of key Jewish and Hebrew writers and thinkers from the nineteenth and twentieth centuries, the book offers an entirely new philosophical perspective on Zionism as a unique movement based on intellectual boldness and belief in human action. In counter-distinction to the studies of history and ideology that dominate the field, this book also offers a new way of reflecting upon contemporary Israeli politics. *By-Paths in Hebraic Bookland* Israel ABRAHAMS (President of the Jewish Historical Society of England.), 1920
