Business Solutions On Demand How To Transform From A Product Led To A Service Led Company:

Business Solutions on Demand Mark Vincent Cerasale, Merlin Stone, 2005 It argues convincingly that companies should look at what solutions they can provide consumers with rather than looking at what products they can foist upon them This is an effective guide to delivering real value to the customer through genuine innovative thinking The Marketer One of the most successful business solutions tomes ever published PCPlus Business Based partly on IBM s own transformation and partly on the transformations that IBM has helped its clients to achieve this ground breaking book shows how companies can increase sales and improve margins by introducing a range of solutions Highly readable motivational and fast paced Business Solutions On Demand is packed with examples from many diverse industries The authors emphasize that for today s business to compete and survive it has to exceed the expectations of its customers Technological advancement globalization increased competition market saturation and easy access to information are all conspiring to make traditional business models redundant *From Products to Services* Laurie Young, 2008-08-06 During the last thirty years a wide range of product companies throughout the Western economies have considered moving into or setting up service businesses Some have rejected the idea after careful consideration some have wandered into competitive services without any real idea of what is involved and others have deliberately executed a carefully considered strategic manoeuvre Included in this debate are some of the most famous business names in the western world Unisys Ericsson Michelin Nokia and HP For IBM it was Lou Gerstener s big bet at GE it was one of former CEO Jack Welch s four major strategies and at General Motors the financial services arm was its most profitable business for many years Yet very little has been published on this profound transition As a result myths and idiocies abound Some routinely claim that the evolution from products through services to solutions is inevitable Others think that manufacturing is being outsourced to China and India while American or European teenagers face a career in hamburger stalls The truth is much more fascinating To succeed in a service business most functions of a product company need to change Operations management recruitment finance sales new product development and marketing must all be adjusted So the move into service therefore involves huge risk caused by disruptive and radical change What has pushed realistic business people in such widely different industrial sectors to take so large a risk Does their experience contain lessons or warnings for others Is the trend likely to continue and affect other parts of the world as their economies develop Will India China or other developing economies need to learn how to export service once their manufacturing industries mature Written by a successful businessman who has been at the heart of these changes in several companies and with case studies from companies like IBM Unilever BT Michelin Ericsson and Nokia this book explores the experience of those who have made the transition and some who have resisted it It covers in depth subjects such as strategic focus change management service operations branding a service business service sales and service marketing It is the first major work on this subject This book is a must read for those considering the plunge into service growth and innovation Even

those companies that have already taken the plunge will gain fresh perspective Jim Spohrer Director IBM Almaden Research Centre USA Laurie Young details in very practical ways the reasons and methodologies for change I would recommend this book to every one of my customers Douglas Morse Managing Principal for the Services Transformation and Innovation Group LLC I am thrilled with the publication of this much needed book In my work with businesses around the globe I find that grappling with the challenge of transforming a company from products to services is a compelling priority for increasing numbers of firms Stephen W Brown PhD Carson Chair Professor and Executive Director Center for Services Leadership W P Carey School of Business Arizona State University **EBOOK: Principles and Practice of Marketing** JOBBER, DAVID/E,2016-03-16 EBOOK Principles and Practice of Marketing *InfoWorld* ,2002-11-25 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects **Growth Challenges for the Dutch Business Services Industry** Henk Kox,2002 The British National Bibliography Arthur James Wells,2005 **Computerworld** ,2001-07-23 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld s award winning Web site Computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global IT media network Annual Report Oki Denki Kōgyō Kabushiki Kaisha,2001 *The Standard and Poor's 500 Guide* Standard & Poor's,2005-12 Text and statistical data on 500 individual companies United States Service Industries Handbook Wray O.
