Butchfemme New Considerations Of The Way We Want To Go:

Lesbian Family Life, Like the Fingers of a Hand Valory Mitchell, 2013-09-13 In this book an array of approaches first person and theoretical accounts clinical understandings qualitative and quantitative research are brought to bear on controversial or under discussed topics in lesbian family life From conception all the way to care for elderly parents this book takes a fresh look at lesbian family relationships Topics include butch femme couples infidelity the psychological meaning of family for lesbians age discrepant couples lesbian nuns as family Listservs as family intentional family for aging women women raising sons mothers who come out late in life mothers and children in situations of domestic violence lack of support for lesbian domestic violence survivors death of a partner psychological issues in the use of sperm donors or surrogates and middle aged lesbians caring for homophobic elderly parents Some authors use self psychology and Jungian psychology to describe aspects of family life The richness and diversity of topics makes it a text on lesbian lives Therapists and academics from throughout the U S have contributed to this collection Many lesbian women as well as teachers it can be a text and mental health professionals who work with children families couples and elderly will find useful material here This book was published as a special issue of the Journal of Lesbian Studies *Femme/Butch* Michelle Gibson, Deborah Meem, 2013-11-19 What are the meanings behind constructed lesbian identities This unique collection brings together writing photography artwork and poetry about lesbian butch and femme gender *Femme Butch New Considerations of the Way We Want to Go* distinguishes itself by celebrating a wide span of intellectual engagement from reflection to traditional academic work including both disciplinary and interdisciplinary approaches In addition to more serious writing lesbian comediennes offer their irreverent takes on femme butch in this book Their perspectives are almost never found in academic publications but what Lea DeLaria Vickie Shaw Karen Williams and other edgy comics have to say about femme butch sexuality deserves to be heard You ll also find that *Femme Butch* is essential for the global perspective it brings to lesbian gender With chapters focused on lesbians in Chinese cultures and on the emerging lesbian community in Bulgaria this book explores the role of femme butch identification in cultures without recognizable lesbian institutions Here are a few of the questions the contributors to *Femme Butch* examine in this remarkable book Can theory about femme butch exist in the electric realm of sex and sexuality or does theory necessarily neutralize sexuality What role does popular culture play in helping us to theorize about lesbian gender What are the relationships between history and femme butch lesbian gender Does lesbian identity development come in individual stages or is it more of a free flowing process How does social class relate to how we think about femme butch race ethnicity and butch femme *Femme Butch* is an ideal guide to understanding the similarities between stone butch and transgender identities using Leslie Feinberg s *Stone Butch Blues* as a reference point the erotically resignified roles of Mommy Daddy girl and boy in butch femme femme butch issues of power trust love and loss the female husbands of the 18th century and their wives the meanings of cross dressing for lesbians the variety of lesbian queer genders

butch femme androgynous and other and much more *Sexualities and Identities of Minority Women* Sana Loue, 2009-08-11

The concept for this book came about following the publication of the volume *Health Issues Confronting Minority Men Who Have Sex with Men* published by Springer in 2008. Consistent with its title that work focused on specific health issues identified by communities, researchers, and AIDS service providers that were and continue to be of concern. During the preparation of that volume I received numerous telephone calls and e-mails from women in various parts of the country asking why a book was not also being developed to address their often neglected concerns. Accordingly the topics addressed in *Identities and Sexualities of Minority Women* were developed based on input from minority women who participated in focus groups conducted in diverse regions of the United States. These focus groups were held specifically to provide an opportunity for sexual minority women in minority communities to identify those issues that from their perspective are most salient and relevant to their lives. It is not surprising in view of the variation in process by which the topics were identified as well as the differences in perspective associated with differences in sex and gender that this resulting compilation of topics departs substantially from the focus of the companion text addressing health issues of minority men who have sex with men.

African Americans Doing Feminism Aaronette M. White, 2012-02-01

How might ordinary people apply feminist principles to everyday situations? How do feminist ideas affect the daily behaviors and decisions of those who seek to live out the basic idea that women are as fully human as men? This collection of essays uses concrete examples to illuminate the ways in which African Americans practice feminism on a day-to-day basis. Demonstrating real-life situations of feminism in action, each essay tackles an issue such as personal finances, parenting, sexual harassment, reproductive freedom, incest, depression, and addiction, or romantic relationships and articulates a feminist approach to engaging with the problem or concern. Contributors include African American scholars, artists, activists, and business professionals who offer personal accounts of how they encountered feminist ideas and are using them now as a guide to living. The essays included reveal how feminist principles affect people's perceptions of their ability to change themselves and society because the personal is not always self-evidently political.

Queering Femininity Hannah McCann, 2017-12-04

Queering Femininity focuses on femininity as a style of gender presentation and asks how and whether it can be refigured as a creative and queer style of the body. Drawing on a range of feminist texts and interviews with self-identifying queer femmes from the LGBTQ community, Hannah McCann argues that the tendency to evaluate femininity as only either oppressive or empowering limits our understanding of its possibilities. She considers the dynamic aspects of feminine embodiment that cannot simply be understood in terms of gender normativity and negotiates a path between understanding both the attachments people hold to particular gender identities and styles and recognising the punitive realities of dominant gender norms and expectations. Topics covered range from second-wave feminist critiques of beauty culture to the importance of hair in queer femme presentation. This book offers students and researchers of Gender, Queer, and Sexuality Studies a fresh new take on the often

troubled relationship between feminism and femininity a critical but generous reading that highlights the potential for an affirmative orientation that is not confined by the demands of identity politics **Mutha' is Half a Word** LaMonda Horton-Stallings,2007 Emblematic of change and transgression the trickster has inappropriately become the methodological tool for conservative cultural studies analysis Mutha is Half a Word strives to break that convention *Female Masculinities and the Gender Wars* Finn Mackay,2021-09-23 Thoughtful and often moving Gaby Hinsliff The Guardian Female Masculinities and the Gender Wars provides important theoretical background and context to the gender wars or TERF wars the fracture at the forefront of the LGBTQ international conversation Using queer and female masculinities as a lens Finn Mackay investigates the current generational shift that is refusing the previous assumed fixity of sex gender and sexual identity Transgender and trans rights movements are currently experiencing political backlash from within certain lesbian and lesbian feminist groups resulting in a situation in which these two minority communities are frequently pitted against one another or perceived as diametrically opposed Uniquely Finn Mackay approaches this debate through the context of female masculinity butch and transmasculine lesbian masculinities There has been increasing interest in the study of masculinity influenced by a popular discourse around so called toxic masculinity the rise of men s rights activism and theory and critical work on Trump s America and the MeToo movement An increasingly important topic in political science and sociological academia this book aims to break new ground in the discussion of the politics of gender and identity Feminist Periodicals ,2002 *Twenty-first Century Lesbian Studies* Katherine O'Donnell,2007 The book s cutting edge essays examine the various meanings of lesbian the risks taken by women who live and or act write and speak as lesbians current genealogical myths and the lives studies and activism of lesbians who represent a range of geographical and historical contexts The book presents research produced outside the United States United Kingdom two places which tend to dominate the field and essays that focus on areas such as medieval studies that are often ignored in theoretical discussions

Butch-Femme Sally Munt,Cherry Smyth,1998 Despite its evident significance in lesbian communities the designations of butch and femme have rarely been theorized or written about from a critical perspective For many lesbians butch and femme are expressive lived identities yet prevalent intellectual trends encourage us in the view that these are somehow provisional empty and artificial This book is an attempt to think creatively about hutch femme in a way which honors the intimacy of these identities hoping to articulate the closeness we hold to these evocative categories respecting the power they hold in lesbian cultures but also avoiding the cliched romanticization often endemic to their representation Far from being sentimentally unreflective the pieces in this collection also intend to offer up the mirror of estrangement so we can think about these categories in new ways combining the critical eye with affect All the essays in this collection communicate the complexity of butch femme without sacrificing the emotional integrity with which these identities are lived Many of the chapters take the form of traditional academic analyses but there are also contributions which choose the imaginative form

written by performance artists or poets *Youth, Education, and Sexualities* James Thomas Sears, 2005 Featuring more than 200 entries this work is an authoritative source for educators researchers and students seeking an understanding of lesbian gay bisexual and transgender LGBT youth This work examines policy practice and research concerning youth who are often the victims of bullying and harassment **Books in Print Supplement** , 2002 *The Lesbian Erotic Dance* JoAnn Loulan, Sherry Thomas, 1990 JoAnn Loulan explores what happens when all lesbians try to be the same and what we can learn from exploring differences The Lesbian Erotic Dance opens with that age old tango butch and femme Then JoAnn Loulan begins to create a new erotic language that will help to end the silences describing other rhythms of sexuality that are at the same time inclusive and diverse This book is about reclaiming lesbian eroticism our history and all our possibilities Page 4 of cover Lesbians at Midlife Barbara Sang, Joyce Warshaw, Adrienne J. Smith, 1991 Lesbians at Midlife The Creative Transition is an anthology by and about lesbians from 40 to 60 with personal stories poems and insightful research These pieces cover diverse topics from sex after menopause changing body image re emerging creativity dealing with a hysterectomy being single at midlife maintaining balance in relationships to financial planning for retirement legal issues caring for an aging parent redefining political commitments and more Publisher's description *Femme/butch* Michelle Gibson, Deborah Townsend Meem, 2002 Collection of writings photography artwork and poetry from authors and artists who are in the process of revising and rethinking butch and or femme lesbian gender Living Beyond the Gender Trap Heike Gerds, 2004 Gay & Lesbian Literature Sharon Malinowski, Tom Pendergast, Sara Pendergast, 1994 Biographical bibliographical and critical information on more than four hundred authors who have figured prominently in gay and lesbian literature and culture since 1900 **Girlfriends** , 1998 *Woman's Almanac* Kathryn Paulsen, Ryan A. Kuhn, 1976 This volume brings together practical and essential information in the basic areas of women's lives It covers topics such as how to embark on brand new careers rear better families have more free time enjoy more exciting sex lives become financially independent and politically powerful how to ask for a raise start a daycare center or establish a credit identity This information was culled from sources such as how to literature for women from nineteenth century periodicals to modern how to manuals books articles from out of print magazines from little known pamphlets and a few classics from women's writings about women In addition this book provides a Woman's Directory a yellow pages like section at the back of the book listing a wealth of organizations and facilities for women *Sexual Lives: A Reader on the Theories and Realities of Human Sexualities* Robert Heasley, Betsy Crane, 2003 This reader provides a social constructionist approach to teaching about sexuality Its 65 selections combine a range of classic theoretical articles with a large number of original pieces organized to help students understand the ways sexuality influences every aspect of their lives The reader focuses on the theoretical and the personal stories of people's sexuality Personal narratives many written by students bridge the gap between theory and experience The book invites the student into thinking about how sexuality itself is constructed as a result of norms values

beliefs and practices It weaves together gender and sexuality helping students understand the intersection between the two and the confusion in society when we find people don't easily fit into categories
