Butterfly Plague:

The Butterfly Plague Timothy Findley, 1969 *Timothy Findley's Novels Between Ethics and Postmodernism* Dagmar Krause, 2005 Timothy Findley 1930 2002 is one of the most important contemporary Canadian writers His novels have been classified as postmodern exhibiting characteristic features such as parody historiographic metafiction and hybrid genres This classification of Findley as a postmodern writer however largely neglects the fact that Findley is deeply committed to the exploration of certain ethical and political themes Recurring topics in his work are for instance fascism environmental concerns and the problem of responsibility Sparked off by the fascinating question of how postmodernism and ethics can be reconciled at all and inspired by the so called ethical turn in the literary theory of the 1990s this study supplies a closer look at Findley's ethics with regard to its postmodern potential A detailed analysis of five of his novels *The Wars* *Famous Last Words* *Not Wanted on the Voyage* *The Telling of Lies* and *Headhunter* explores the ethical dimension of Findley's work and its consequences for his categorization as a postmodern writer *HIV in World Cultures* Gustavo Subero, 2016-04-22 This book analyses the way that HIV AIDS is often narrativised and represented in contemporary world cultures as well as the different strategies of remembrance deployed by different sub cultural groups affected by the illness Through a close study of a variety of cultural texts including cinema literature theatre art and photography amongst others it demonstrates the trajectory that such narratives and representations have undergone since the advent of the discovery of the disease in the 1980s Acknowledging the central yet often overlooked role that cultural products have played in the construction of public opinion towards the condition itself and those who suffer it this ground breaking volume focuses on a variety of narratives as well as strategies of coping with HIV AIDS that have emerged across the globe Bringing together research on the UK North and South America Africa and China it provides rich textual analyses of the ways in which the HIV positive body has been portrayed in contemporary culture with attention to the differences between specific national contexts whilst keeping in view a space of commonality amongst the different experiences reflected in such texts As such it will be of interest to social scientists and scholars of cultural and media studies concerned with cultural production and representations of the body and sickness *The Cotswolds at War* June Lewis-Jones, 2009-11-15 A detailed account of what life was like for evacuees in the Cotswolds *Tiff* Sherrill Grace, 2020-08-25 Timothy Findley 1930 2002 was one of Canada's foremost writers an award winning novelist playwright and short story writer who began his career as an actor in London England Findley was instrumental in the development of Canadian literature and publishing in the 1970s and 80s During those years he became a vocal advocate for human rights and the anti war movement His writing and interviews reveal a man concerned with the state of the world a man who believed in the importance of not giving in to despair despite his constant struggle with depression Findley believed in the power of imagination and creativity to save us Tiff A Life of Timothy Findley is the first full biography of this eminent Canadian writer Sherrill Grace provides insight into Findley's life and struggles through an

exploration of his private journals and his relationships with family his beloved partner Bill Whitehead and his close friends including Alec Guinness William Hutt and Margaret Laurence Based on many interviews and exhaustive archival research this biography explores Findley s life and work the issues that consumed him and his often profound depression over the evils of the twentieth century Shining through his darkness are Findley s generous humour his unforgettable characters and his hope for the future These qualities inform canonic works like *The Wars* 1977 *Famous Last Words* 1981 *Not Wanted on the Voyage* 1984 and *The Piano Man s Daughter* 1995

Front Lines Lorraine Mary York,1991 This first full length study of Timothy Findley argues that his novels and short stories are part of a system of war texts Not only is Findley s fiction haunted by the specter of war it is also a compulsive testament to the infinite repetitions of war in domestic gender and class conflicts Influenced by feminist literary theory the workings of literary intertextuality and the new historiography the study shows how war as a literary device as well as various historical wars documents of war and literary war texts inform the novels and stories of Timothy Findley to such an extent that war becomes an integral part of their signifying systems

Timothy Findley and the Aesthetics of Fascism Anne Elizabeth Bailey,1998 Investigates the troubling relationship between narrative meaning and representations of violence within Timothy Findley s novels
