**Digital Consumer Technology Handbook** Amit Dhir, 2004-04-30 The consumer electronics market has never been as awash with new consumer products as it has over the last couple of years. The devices that have emerged on the scene have led to major changes in the way consumers listen to music, access the Internet, communicate, watch videos, play games, take photos, operate their automobiles, even live. Digital electronics has led to these leaps in product development, enabling easier exchange of media, cheaper and more reliable products, and convenient services. This handbook is a much needed comprehensive engineering guide to the dynamic world of today's digital consumer electronics. It provides complete details on key enabling technologies, standards, delivery and reception systems, products, appliances, and networking systems. Each chapter follows a logical progression from a general overview of each device to market dynamics to the core technologies and components that make up that particular product. The book thoroughly covers all of the key digital consumer product categories: digital TV, digital audio, mobile communications, devices, gaming consoles, DVD players, PCs and peripherals, display devices, digital imaging devices, web terminals and pads, PDAs and other handhelds, screenphones, videophones, telematics, devices, eBooks and readers, and many other current and future products. To receive a FREE daily newsletter on displays and consumer electronics, go to <http://www.displaydaily.com>. Surveys crucial engineering information for every digital consumer product category, including cell phones, digital TVs, digital cameras, PDAs, and many more, the only reference available to do so. Has extremely broad market appeal to embedded systems professionals, including engineers, programmers, engineering managers, marketing and sales personnel. 1 000 000 potential readers. Helps engineers and managers make the correct design decisions based on real world data. Customer Behaviour Michael Colin Cant, Annekie Brink, Sanjana Brijball, 2002 Important marketing and industrial psychology concepts are applied to southern African business scenarios in this overview of consumer behavior. Case studies, applications, and research findings illustrate market characteristics of consumer motivation, attitudes, and loyalty. Information is presented on creating market value for the consumer by using smart marketing strategies that consider the role of family based decision making, organizational buying behavior, and relationship based buying. *SeniorNet's Official Guide to the Web* Eugenia Johnson, Kathleen McFadden, 1997 Fun and easy to use directory of the best Web sites and online information or people over 55 demystifies using the Web to locate resources of interest to senior netizens.
