Prepared by Danilo P. Facon

1/23 – Operations Management

Operations Management Definitions

- "Operations management researches efficiencies in planning, organizing, and supervising in production and manufacturing. It is delivery-focused, ensuring that an organization successfully turns inputs to outputs in an effective manner. The inputs themselves could represent anything from materials, equipment, and technology to human resources such as staff or workers." - MIT Sloan School of Management

Operations Management Definitions

- "Operations management is the business function responsible for producing the
