Thunder in the West Richard W. Etulain, 2020-07-09 Even before he was shot and killed in 1881 Billy the Kid's charisma and murderous career were generating stories that belied his brief life and that only multiplied growing to legendary proportions after his death at age twenty one In *Thunder in the West* Richard W Etulain takes the true measure of Billy the man and the legend and presents the clearest picture yet of his life and his ever shifting place and presence in the cultural landscape of the Old West Billy the Kid born Henry McCarty in 1859 and also known as William H Bonney emerges from these pages in all his complexity at once a gentleman and gregarious companion and a thief and violent murderer Tapping new depths of research Etulain traces Billy's short life from his mysterious origins in the East through his wanderings in New Mexico Arizona and Texas As we move from his peripatetic early years through the wild West to his fatal involvement in the Lincoln County Wars we see the impressionable boy give way to the conflicted young man and finally to the opportunistic and often amoral outlaw who was out for himself for revenge and for whatever he could steal along the way Against this deftly drawn portrait Etulain considers the stories and myths spawned by Billy's life and death Beginning with the dime novels featuring Billy the Kid even during his lifetime and ranging across the myriad newspaper accounts novels and movies that alternately celebrated his outlaw life and condemned his exploits Etulain offers a uniquely informed view of the changing interpretations that have shaped and reshaped the reputation of this enduring icon of the Old West In his portrayal Billy the Kid lives on not as a cut throat desperado or a young charmer but as both hero and villain myth and man fully realized in this twenty first century interpretation

of the Regiment Michele Nacy,2000-04-30 Many extraordinary women traveled west with their Army officer husbands between 1865 and 1890 and discovered a world that was completely controlled by the United States Army The Army as a public institution colored virtually every aspect of their domestic lives Army directives customs and traditions imposed social obligations on these women and the world of the frontier Army garrison continually challenged their sense of what it meant to be true women Remarkably they flourished and established a defined role for themselves that went beyond the conventional definition of true womanhood The shared values loyalties and patriotism within the institutional environment of the frontier garrison transcended gender As distinctly masculine as the Army garrison was perceived to be the officers wives shared with their comrades in arms an unequivocal commitment to the Regiment Because of their presence the frontier garrison became a much different place to live as they subtly and slowly changed the very nature of the institution through their efforts to bring some notion of proper society to these rugged circumstances Unlike most studies which focus only on farm and frontier women this volume details the experiences of the women who viewed the world from within garrison walls

Tilting Cervantes Bruce R. Burningham, 2008 Tilting Cervantes examines several contemporary texts *Fight Club* *Brazil* *The Matrix* and *The Moor s Last Sigh* among others by reflecting them against a cluster of early modern Spanish and Latin American literary works principally *Don Quixote* Through a deliberate juxtaposition of these cross cultural and cross epochal texts this book explores the notion that each of these varied cultural products can be read in a very Borgesian manner as precursors to each other especially for contemporary readers who may not come to them in their proper chronological order At the same time and within this larger juxtaposition this book examines the interrelated baroque and postmodern preoccupation with mirrors and self reflexivity and thus argues that many postmodern writers and performers do not so much break new ground as simply rediscover terrain already explored by such baroque literary figures as Cervantes Lope de Vega Francisco de Quevedo and Sor Juana Ines de la Cruz *The Hollywood West* Richard W.
