By Motor to the Golden Gate (Classic Reprint) Emily Post,2015-07-12 Excerpt from *By Motor to the Golden Gate* Qui s excuse s accuse Which I suppose proves this a defence to start with But having been a few times accused there are a few explanations I want very much to make When this cross continent story was first suggested it seemed the simplest sort of thing to undertake All that was necessary was to put down experiences as they actually occurred No imagination or plot or characterization could anything be easier But when the serial was published and letters began coming in it became unhappily evident that writing fact must be one of the most unattainably difficult accomplishments in the world In the first place only those who having lived long in a particular locality and knowing it in all

its varying seasons are qualified truly to present its picture The observations of a transient tourist are necessarily superficial as of one whose experiences are merely a series of instantaneous impressions at one time colored perhaps too vividly at another fogged according to the sun or rain at one brief moment of time It would be very pleasant to write nothing but eulogies of people and places but after all if a personal narrative were written like an advertisement praising everything there would be no point in praising anything would there About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **By Motor to the Golden**
