John Alexander Low Waddell

By The Numbers A World War II Memoir:

Committed to Victory Richard Holl, 2015-10-09 Deeply researched and clearly written a wide ranging and detailed account of Kentucky's society economy and politics during World War II John W Jeffries author of *Wartime America* When World War II broke out in Europe in September 1939 Kentucky was still plagued by the Great Depression Even though the inevitability of war had become increasingly apparent earlier that year the citizens of the Commonwealth continued to view foreign affairs as a lesser concern compared to issues such as the lingering economic depression the approaching planting season and the upcoming gubernatorial race It was only the Japanese attack on Pearl Harbor that destroyed any lingering illusions of peace In *Committed to Victory The Kentucky Home Front During World War II* author Richard Holl offers the first comprehensive examination of the Commonwealth's civilian sector during this pivotal era in the state's history National mobilization efforts rapidly created centers of war production and activity in Louisville Paducah and Richmond producing new economic prosperity in the struggling region The war effort also spurred significant societal changes including the emergence of female and minority workforces in the state In the Bluegrass this trend found its face in Pulaski County native Rose Will Monroe who was discovered as she assembled B 24 and B 29 bombers and was cast as Rosie the Riveter in films supporting the war effort Revealing the struggles and triumphs of civilians during World War II Holl illuminates the personal costs of the war the black market for rationed foods and products and even the inspiration that coach Adolph Rupp and the University of Kentucky basketball team offered to a struggling state

The Oxford Companion to American Military History , American Soldiers Peter S. Kindsvatter, 2003-04-03 Some warriors are drawn to the thrill of combat and find it the defining moment of their lives Others fall victim to fear exhaustion impaired reasoning and despair This was certainly true for twentieth century American ground troops Whether embracing or being demoralized by war these men risked their lives for causes larger than themselves with no promise of safe return This book is the first to synthesize the wartime experiences of American combat soldiers from the doughboys of World War I to the grunts of Vietnam Focusing on both soldiers and marines it draws on histories and memoirs oral histories psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy terrain training or weaponry Peter Kindsvatter gets inside the minds of American soldiers to reveal what motivated them to serve and how they were turned into soldiers He recreates the physical and emotional aspects of war to tell how fighting men dealt with danger and hardship and he explores the roles of comradeship leadership and the sustaining beliefs in cause and country He also illuminates soldiers attitudes toward the enemy toward the rear echelon and toward the home front And he tells why some broke down under fire while others excelled Here are the first tastes of battle as when a green recruit reported that for the first time I realized that the people over the ridge wanted to kill me while another was befuddled by the unfamiliar sound of bullets whizzing overhead Here are soldiers struggling to cope with war's stress by seeking solace from local women or simply smoking

cigarettes And here are tales of combat avoidance and fraggings not unique to Vietnam of soldiers in Korea disgruntled over home front indifference and of the unique experiences of African American soldiers in the Jim Crow army By capturing the core band of brothers experience across several generations of warfare Kindsvatter celebrates the American soldier while helping us to better understand war's lethal reality and why soldiers persevere in the face of its horrors *Memoirs of the Four-Foot Colonel* Smith Dun, 2018-05-31 The Commander in Chief of the Burmese Army nicknamed the four foot Colonel offers an account of his nation's struggle for independence from a unique perspective General Dun describes his background his early life and training in England and India and his involvement with the Burmese nationalist movement He also explains his position in the struggles between the emerging Burmese nation and various minority groups such as the Karens of which he was a member This third person account is filled with humor and insight and allows the reader a rare glimpse into the mind of a powerful personality **World War II in Literature for Youth** Patricia Hachten Wee, Robert James

Wee, 2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource **Coast Guard Engineer's Digest**, 1975

Memoirs and Addresses of Two Decades John Alexander Low Waddell, 1928 *The Twilight of the U.S. Cavalry* Lucian King Truscott, Lucian K. Truscott, 1989 Lucian Truscott takes the reader back in this military memoir to the days of the horse cavalry in American history **Looking for the Good War** Elizabeth D. Samet, 2021-11-30 A remarkable book from its title and subtitle to its last words A stirring indictment of American sentimentality about war Robert G Kaiser The Washington Post In *Looking for the Good War* Elizabeth D Samet reexamines the literature art and culture that emerged after World War II bringing her expertise as a professor of English at West Point to bear on the complexity of the postwar period in national life She exposes the confusion about American identity that was expressed during and immediately after the war and the deep national ambivalence toward war violence and veterans all of which were suppressed in subsequent decades by a dangerously sentimental attitude toward the United States exceptional history and destiny Samet finds the war's ambivalent legacy in some of its most heavily mythologized figures the war correspondent epitomized by Ernie Pyle the character of the erstwhile G I turned either cop or criminal in the pulp fiction and feature films of the late 1940s the disaffected Civil War veteran who looms so large on the screen in the Cold War Western and the resurgent military hero of the post Vietnam period Taken together these figures reveal key elements of postwar attitudes toward violence liberty and nation attitudes that have shaped domestic and foreign policy and that respond in various ways to various assumptions about national identity and purpose established or affirmed by World War II As the United States reassesses its roles in Afghanistan and the Middle

East the time has come to rethink our national mythology the way that World War II shaped our sense of national destiny our beliefs about the use of American military force throughout the world and our inability to accept the realities of the twenty first century s decades of devastating conflict Mud, Wings, and Wire: A Memoir by Harry X. Ford , **Memoirs of the Bernice Pauahi Bishop Museum of Polynesian Ethnology and Natural History** ,1929 *The Italian American Review* ,2001 Choice Richard K.
