suppressed for a long time The warrior that once in a while screams at you in form of urges to do something with your life but you ignore it most of the time This world offers so much but you just continue to exist like dust Think about it you could become anything but you still choose to exist this way neither you are happy nor the warrior inside you Why is that It s not like you do not want to do all those great things You want to live healthily follow your passion and become rich but why are you not able to do them The inner warrior inside of you screams all the time hey let s go to the gym hey let s chase that dream hey let s do the best but still you do not do it You are ready right now there is no better time than today and all you need to do is put yourself in the position to get that dream by giving yourself as many chances to succeed as much you can provide but there is just one catch There is a villain that you are unaware of you know its effects but you do not know what it is This is why you want to know what to do but you cannot do it The sole reason is that you are stuck in the LOOP We will discover and defeat it as we move on For now I only want you to think of this book as your hero story here the villain is the LOOP and you are the protagonist while this book is your journey path With every step you will improve and at the climax of our journey you will defeat the loop by beating its every aspect For now all you need to know is that your hero arc starts now and up next is the opportunity to defeat everything awful about you while building every great empire you wish to gain
