Un-Trumping America Dan Pfeiffer, 2020-02-18 From the 1 New York Times bestselling author of *Yes We Still Can* and cohost of *Pod Save America* a sharp political playbook for how Democrats can take on the right wing circus dominating American politics There is nothing more important than beating Donald Trump in 2020 but defeating Trump is just the start of this timely book *Un-Trumping America* offers readers three critical insights first Trump is not an aberration but rather the logical extension of the modern Republican Party second how Democrats can defeat Trump in 2020 and third preventing the likes of Trump from ever happening again with a plan to fix democracy While the catalog of the president's crimes is long and growing undoing Trumpism the political platform of racism authoritarianism and plutocracy that gave rise to Trump and defines the Republican Party is a long and continuing fight Through a craven cynical strategy engineered by Mitch McConnell funded by the Kochs and fueled by Fox News propaganda Republicans have rigged American politics to drown out the voices of the people in favor of the powerful Without an aggressive response that recognizes who the Republicans are and what they have done American democracy as we know it won't survive this moment and a conservative shrinking mostly white minority will govern the country for decades *Un-Trumping America* dismantles toxic Trumpism and offers a way forward Dan Pfeiffer worked for nearly twenty years at the center of Democratic politics from the campaign trail to Capitol Hill to Barack Obama's White House But it was Trump's victory and Republicans' incessant aiding and abetting of Trumpism that has radicalized his thinking Here Pfeiffer urges Democrats to embrace bold solutions from fixing the courts to abolishing the electoral college to eliminating the filibuster in order to make America more democratic and Democratic *Un-Trumping America* is a powerful call for Democrats and progressives to get smarter tougher and more aggressive without becoming a paler shade of orange

Development Outreach, 2010 **World Meetings**, 2000-10 **What's Our Problem?** Tim Urban, 2023-02-21 From the creator of the wildly popular blog *Wait But Why* a fun and fascinating deep dive into what the hell is going on in our strange unprecedented modern times Between 2013 and 2016 Tim Urban became one of the world's most popular bloggers writing dozens of viral long form articles about everything from AI to colonizing Mars to procrastination Then he turned his attention to a new topic the society around him Why was everything such a mess Why was everyone acting like such a baby When did things get so tribal Why do humans do this stuff This massive topic sent Tim tumbling down his deepest rabbit hole yet through mountains of history evolutionary psychology political theory neuroscience and modern day political movements as he tried to figure out the answer to a simple question What's our problem Six years later he emerged from the hole holding this book *What's Our Problem* is a deep and expansive analysis of our modern times in the classic style of *Wait But Why* packed with original concepts sticky metaphors and 300 drawings The book provides an entirely new framework and

language for thinking and talking about today's complex world. Instead of focusing on the usual left-center-right horizontal political axis which is all about what we think, the book introduces a vertical axis that explores how we think as individuals and as groups. Readers will find themselves on a delightful and fascinating journey that will ultimately change the way they see the world around them. Anyway, he wanted to say a lot more about all of this but there was a word limit on this book description so just go read the book.
