AI Based Solutions for Inclusive Quality Education K.M. Soni, Nitasha Hasteer, Aditi Bhardwaj, Rahul Sindhwani, J. Paulo Davim, 2025-09-30 *AI Based Solutions for Inclusive Quality Education* helps readers discover practical AI tools for diverse learning styles and abilities fostering inclusivity in education and maximizing the individual potential of students and educators. It provides cutting edge solutions designed to remove barriers due to accessibility and create an equitable classroom. Through practical applications and case studies the book explores the power of AI in creating personalized learning pathways and methods of engagement in the classroom while emphasizing that the human touch with empathy and critical thinking remains central to the learning process. It addresses concerns about the ethical development and deployment of AI in education. Features: Discusses a topic that is at the forefront of concerns in the education sector with the disruptive impact of advances in AI. Provides explanations for specific AI platforms and tools along with their features and applications in education. Includes case studies and discusses inclusivity and the lessons learned from each AI application. Explains how to ethically handle bias, privacy and transparency in AI based solutions in education. Serves as a comprehensive guide for educators, policymakers and technology developers interested in the power of AI in educational environments. This book serves as a timely reference in the current era of AI tools and education. It is written for those who work in the education sector as well as researchers, academicians, undergraduate and graduate students, those involved with undergraduate teaching in critical thinking and problem solving for information systems, information technology, computer science and engineering and all teaching institutions where AI tools have been or will be introduced.

Potential of AI to Replace Teachers' Expertise: Ethics and Challenges Khan, Shah Nawaz, Pringuet, Philippe, 2025-10-16 As artificial intelligence (AI) advances its integration into education, sparks excitement and concern regarding its potential to replace human teacher expertise. While AI tools can personalize learning, automate administrative tasks and provide real time feedback, substituting humans raises ethical questions and practical challenges. Teaching also involves empathy, critical thinking and social interaction which are difficult for current machines to replicate. This dynamic begs for critical examination of how far AI should be allowed to go in educational settings and whether it can or should replace the human elements of teaching. **Potential of AI to Replace Teachers' Expertise: Ethics and Challenges** explores the ethical considerations, practical strategies and potential challenges associated with the integration of AI tools into the classroom. It provides educators with the necessary knowledge and tools to effectively leverage AI to enhance the teaching and learning experience for students and educators. This book covers topics such as ethics and law, assessments and data science and is a useful resource for educators, engineers, policymakers, academicians, researchers and scientists. , **Empowering Educators: Integrating AI Tools for Personalized Language Instruction** Vu Phi Ho Pham, Andrew Lian, Ania Lian, Jeremy White, 2025-11-01 This book examines the use of AI technology, particularly ChatGPT, into English language education.
