**Artificial Intelligence in Orthopaedic Surgery Made Easy** Filippo Familiari, Olimpio Galasso, Giorgio Gasparini, 2024-11-19 This book is an essential reference guide for the use of artificial intelligence in orthopaedic surgery. It covers all related topics from machine and deep learning through practical applications in all orthopaedic sub disciplines to ethical issues and potential risks. International renowned experts equip the reader with solid scientific foundations and practical tips combining accurate literature reviews with high quality original images. Addressing a hot topic for the present and next generation of medical specialists, this book is a must read for orthopaedic surgeons, radiologists and health informatic specialists alike. [Research Methods in Publishing and Book Studies](#) Rachel Noorda, Corinna Norrick-Rühl, 2025-09-02 Establishing the unique opportunities and characteristics of doing research in publishing and book studies, this book demonstrates and evaluates the range of research methods that are available to students when conducting research within the field. Organized into three main parts prefaced by a general introduction to the discipline, Research Methods in Publishing and Book Studies considers qualitative and quantitative methods and methods of data analysis in turn. Each chapter within these sections features details and logistics of the research method including specific ethical considerations, disciplinary history and distinguishing features when compared to other methods. Advantages and disadvantages of the method help students evaluate and choose the right method for their research. A case study of the Method in Action, written by featured authors with expertise in that area, studies questions to help readers test and solidify their knowledge. Further reading suggestions. By the end of the book, students will have a sound understanding of the methods commonly used in book and publishing studies and will be able to confidently identify and select methods for their own research projects and dissertations. This book is an essential resource for advanced undergraduate and postgraduate students and researchers in book and publishing studies. [Qualitative Content Analysis](#) Udo Kuckartz, Stefan Rädiker, 2023-02-01 Are you working with qualitative data but unsure how to approach your analysis? This hands-on guide to qualitative content analysis from two internationally renowned experts provides you with a clear strategy for analysing your data, whether you are working with social media content, field notes, images, narratives or focus group data. Using qualitative interviews as an example, the book provides a clear structure for approaching your analysis that can be adapted for your research project. Explaining how qualitative content analysis differs from quantitative methods, the book provides you with a solid understanding of the principles behind QCA, a step-by-step guide to three types of QCA, guidance on how you can use software to enhance your analysis. **PC Mag**, 1990-12-11 PCMag.com is a leading authority on technology, delivering lab-based independent reviews of the latest products and services. Opening Up Middle English Manuscripts Kathryn Kerby-Fulton, Maidie Hilmo, Linda Olson, 2024-05-15 Deeply informed and lavishly illustrated Opening Up Middle English Manuscripts is a comprehensive introduction to the modern study of Middle English manuscripts. It is intended for students and scholars who are familiar with some of the major Middle English literary works such as *The Canterbury Tales*, *Gawain and the Green Knight*, *Piers Plowman* and the romances, mystical works or cycle plays but who may not know much about the surviving manuscripts. The book approaches these texts in a way that takes into account the whole manuscript or codex, its textual and visual contents, physical state, readership and cultural history. Opening Up Middle English Manuscripts also explores the function of illustrations in fashioning audience response to particular authors and their texts over the course of the fourteenth and fifteenth centuries. Kathryn Kerby-Fulton, Linda Olson and Maidie Hilmo, scholars at the forefront of the modern study of Middle English manuscripts, focus on the writers most often taught in Middle English courses, including Geoffrey Chaucer, William Langland, the *Gawain* poet, Thomas Hoccleve, Julian of Norwich and Margery Kempe, highlighting the specific issues that shaped literary production in late medieval England. Among the topics they address are the rise of the English language, literacy, social conditions of authorship, early instances of the Alliterative Revival, women and book production, nuns, libraries, patronage, household books, religious and political trends and attempts at revisionism and censorship. As of 2024, Opening Up Middle English Manuscripts is available as an ebook, ideal for instructors teaching the book in courses. The fully searchable PDF ebook version is available through most digital textbook platforms and library ebook aggregation platforms.
