The Best American Short Stories 2020 Curtis Sittenfeld, Heidi Pitlor, 2020 Presents a selection of the best works of short fiction of the past year from a variety of acclaimed sources

Managing Emerging Risk Kevin D. Burton, 2017-11-15 From Main Street to Mumbai Managing Emerging Risk The Capstone of Preparedness considers the new global drivers behind threats and hazards facing all those tasked with protecting the public and private sector The text delves into the global mindset of public and private sector emergency managers and presents a new risk landscape vastly different from the one existing ten years ago The book begins by presenting a series of fictitious scenarios each resulting in mass destruction and fatalities These are each followed by actual news stories that support the scenarios and demonstrate that the proposed events seemingly unthinkable have the potential to occur Next the author identifies two drivers in the practice of emergency management and general preparedness today that constitute our view of the future and the new face of risk The first is the Disaster Halo Effect the idea that modern threats exhibit more than one event The second is the worldview of our nation as a Market State focused on the trading of goods services and ideas among the nation states The book also reviews the history of preparedness and discusses its relationship with large scale threats establishing that hindsight bias has hurt our ability to plan and respond to the unexpected The chapters that follow explore what is needed to better cultivate design develop and operate emerging management and preparedness thinking in the current environment Each chapter begins with key terms and objectives and ends with thought provoking questions Introducing a new paradigm of thought that takes into account the chief influencers of global threats the book arms emergency and business operations managers with the ammo needed to successfully confront emerging threats in the 21st century

*Equity-Oriented Critical Curricula* Angela Miller-Hargis, Delane A. Bender-Slack, 2023-02-13 Because literacy is never politically neutral it is our hope that readers of this text will understand the significance of creating learning environments that emphasize the relationship between power and literacy This book focuses attention on what can happen when teachers and students are empowered as they collaborate towards a common goal Designed to balance theory and praxis this book provides opportunities for teachers to begin conceiving of and building integrated literacy curricula that prioritizes the lived experiences and insights of their students rather than emphasizes decontextualized lists of facts to be memorized or skills to be obtained This book speaks to the needs of teacher candidates and practicing teachers who wish to engage more openly and fully with the current landscape of diverse learners biased educational practices and inequitable learning opportunities The objective is to provide a means by which hopeful educators can begin to face the challenges of diverse classrooms in order to promote social justice and equity literacy by reimagining and reshaping both policy and practice

*Adolescent Use of New Media and Internet Technologies* Gordon P. D. Ingram, 2023-03-31 This book engages with contemporary and often polarizing debates surrounding the risks of adolescent use of digital media and internet technologies By drawing on multiple research studies the text synthesizes

current understandings of the impacts of social network use online gaming pornography and phenomena including cyberbullying cyberstalking and internet addiction to develop recommendations for the effective identification of at risk youth as well as strategies for informed communication about online risks and opportunities It shows how media discussion of risks to children and teenagers from new technology is highly emotive and often exaggerated rooted in the moral panic surrounding new cultural practices that young people engage in but which adults do not understand Online risks are thus conceptualized as centering on three areas specific to adolescence which have undergone radical changes due to new internet technology These include young people s identity the types of content that are accessed and social relationships The author shows how these matters stem from the potential of new technology to establish new interpersonal connections emphasizing how it brings opportunities as much as risks As such he provides a uniquely balanced discussion of potential dangers while also emphasizing the opportunities for social academic and personal growth which new technologies afford young people It will be indispensable for researchers and clinicians interested in assessing levels of online risk as well as scholars and educators with interests in cyberpsychology social psychology cyber culture social aspects of computing and media and adolescent development
