A Student Workbook for Public Speaking Deanna L. Fassett, Keith Nainby, 2013-12-27 *A Student Workbook for Public Speaking* Speak from the Heart asks students to think critically about the speech making process while building their mastery of the fundamental practical skills of public speaking through a series of exercises and activities Nineteen brief chapters cover the essentials of public speaking including selecting a topic researching your topic organizing your topic overcoming speech anxiety and delivering informative persuasive and special occasion speeches Each chapter includes a concise introduction to the most important skills and concepts related to each chapter topic and offers opportunities for critical reflection on how to use each aspect of public speaking appropriately and effectively Each chapter is paired with an activity checklist or worksheet that students may use to develop their speeches assess their performance and chart their progress in becoming competent public speakers

Moving Images, Mobile Viewers Renate Brosch, 2011 Vision and movement seem to have shifted center stage in modes of experience in the last century as a result of their joint effect slow contemplative gazes at static images seem to be increasingly displaced by distracted vernacular ways of seeing Looking out of the window of a speeding car receiving photographs of Earth from outer space watching the flickering images of the TV screen scrolling through a text zooming in on a location in Google Earth or sending images via mobile phones or webcams all these are unique visual experiences that were impossible before various inventions in the 20th century originated completely new kinds of movement The double meaning of moving images is meant to signal the specificity of motion to these images and at the same time to express the emotional power of those visual images which are able to transcend the constant stream of images in contemporary perception Series Kultur und Technik Schriftenreihe des Internationalen Zentrums für Kultur und Technikforschung der Universität Stuttgart Vol 20
