Subsidies to Chinese Industry Usha C.V. Haley, George T. Haley, 2013-03-27 Government subsidies have contributed to China's success as manufacturer and exporter in capital intensive industries. China's state capitalist regime uses subsidies to stabilize and create common understandings of markets among governments and firms. This book also covers government policies and regulation on subsidies broadly focusing on domestic consumption, antidumping and countervailing duties and domestic production, indigenous innovation.

*B2B Social Selling Strategy* Julie Atherton, 2022-11-03 Social media when deployed strategically and effectively in B2B channels offers a uniquely personal long term networking opportunity for sales teams and business professionals. For many, this has supercharged their sales performance with empowered teams, faster results and higher revenues. For others, the challenges of navigating social channels for business can be daunting. Concerns over social media confidence, personal and professional conflicts of interest and a loss of management control can lead to a lack of action or ineffective modes of engagement. *B2B Social Selling Strategy* provides a clear framework for identifying the right social channels connecting with potential and existing customers and measuring success against objectives and KPIs. Featuring original research, case studies and interviews with industry professionals, the book also shows how to generate content to attract attention and gain trust, work with B2B influencers and create a social selling culture. Exploring how to build your personal brand in synergy with your business and integrate social selling with other sales and marketing channels, it is supported by online interactive tools and templates to be used to create and execute your own social selling strategy. Written by a recognized social media expert, *B2B Social Selling Strategy* is an indispensable guide for B2B sales marketing and social media professionals.

The New Advertising Valerie K. Jones, Ruth E. Brown Ph.D., Ming Wang, 2016-09-19 The era of big data has revolutionized many industries including advertising. This is a valuable resource that supplies current authoritative and inspiring information about and examples of current and forward looking theories and practices in advertising. *The New Advertising: Branding, Content and Consumer Relationships in the Data Driven Social Media Era* supplies a breadth of information on the theories and practices of new advertising from its origins nearly a quarter of a century ago through its evolution to current uses with an eye to the future. Unlike most other books that focus on one niche topic, this two volume set investigates the overall discipline of advertising in the modern context. It sheds light on significant areas of change against the backdrop of digital data collection and use. The key topics of branding, content, interaction, engagement, big data and measurement are addressed from multiple perspectives. With contributions from experts in academia as well as the advertising and marketing industries, this unique set is an indispensable resource that is focused specifically on new approaches to and forms of advertising. Readers will gain an understanding of the distinct shifts that have taken place in advertising. They will be able to build their knowledge on frameworks for navigating and capitalizing on today's fragmented consumer focused digital media landscape and they will be prepared for what the future of advertising will
