Malgorzata Rozkwitalska-Welenc, Beata A. Basinska, Alicja Dettlaff, 2024-06-03 The new paradigm in employee development assumes that employees should proactively direct their learning and growth Most workplace learning is basically informal and occurs through daily work routines peer to peer interactions and networking and typically brings about signifi cant

positive outcomes to both individuals and organizations Yet workplace learning always occurs in a predefined context and this context has recently changed Hereafter many people have been delegated to work from home or any other remote location Many employees would like to maintain remote or hybrid work design in the future as well In this research monograph the authors explore an unexplored topic in social science research concerning proactive employee development through informal learning in new ways of working NWW The monograph will be of interest to students and researchers in organizational studies organizational behavior organizational psychology and organizational learning as well as human resource professionals concerned with employee development and the changing nature of work

Reimagining Talent PV Ramana Murthy, 2025-11-16 The world over boards CEOs CHROs and top managements are united in their belief that managing talent is one of the most important aspects of running any business And yet there seems to be no clarity on what constitutes talent and how one should identify and nurture it Traditional tools such as bell curves nine block grids potential assessments etc often create more frustration than clarity among employees At the same time organizations struggle to identify the right talent and retain them in an environment marked by high volatility and low engagement *Reimagining Talent* challenges and demystifies many of the long held assumptions about talent in the corporate world At the very heart of this book is a groundbreaking talent architecture arrived at through solid research and interviews with employees and senior leaders from corporates across diverse regions including India the United States of America Japan the Middle East Romania the United Kingdom and Germany It introduces a practical road map the Three Cs of Talent Enablers Culture of Oneness Competitive Adaptability and Complexity to help organizations move beyond outdated practices and embed genuine talent management into their core business strategy Grounded in real life examples and credible research *Reimagining Talent* demonstrates how organizations and employees can unlock their full potential and help both individuals and businesses grow collectively
