

9 Tips for Working Remotely

SPACE

Designate a space for work & work only. Minimize interruptions from family & roommates there.

DOOR

Close the door to your workspace. This reminds others you are busy while minimizing noise.

HEADSET

Use headsets, not speakerphones. Most speakerphones have technical limitations.

PAUSE

On conference calls, pause often. You cannot see body language & this allows more feedback.

VIDEO

Use video as much as possible. A major portion of our communication is non-verbal.

EYE CONTACT

On video calls, look into the camera, not at the other person. Participants perceive this as making eye contact.

ONLINE

Use online tools to access your work from any computer, whether at home or the office.

BACK UP

Remember to connect to your office network or manually make backup copies of work.

FOCUS

The human brain does not multitask. When working, focus on work. When with your family, be fully with them.

rewriting a screenplay or teleplay and writing for digital content Duncan's handy book teaches new screenwriters the process of creating a professional screenplay from beginning to end. It shows that inspiration, creativity, and good writing are not elusive concepts but attainable goals that any motivated person can aspire to. Duncan includes sections on all aspects of screenwriting from character development to story templates and breaks down the three acts of a screenplay into manageable pieces. *A Guide to Screenwriting Success* contains dozens of exercises to help writers through these steps. The second half of Duncan's practical book covers another often overlooked side of screenwriting: the teleplay. Aspiring writers who also want to try their hand at writing for television will need to learn the specifics of the field. The book breaks down this area into two parts: the one-hour teleplay and the situation comedy. There is a section on writing and producing digital content that embraces the Do It Yourself attitude to approaching a career in the entertainment industry. Success in screenwriting is no longer a dream but an achievable goal for those who pick up Duncan's guide.

The Post-Pandemic Library Handbook Julie Todaro, 2022-02-15 The *Post-Pandemic Library Handbook* provides an approach for re-opening, re-engineering, and redesigning library facilities, resources, services, and staff. American Library Association Past President Julie Todaro developed this Handbook to provide a path forward for all types and sizes of libraries. She uses narrative and technical writing with dozens of checklists, examples, recommendations, and 30 tables to take a detailed look at where we are and where we need to be. Because no function, resource, or service was left unaffected by the pandemic, chapters and tables allow readers to assign their own timelines to stages. Handbook chapters include Facilities, Services, Support, and Storage; Spaces, Collections, and Resources; Assessment and Accountability; Human Resources; Critical Training and Education; Communication during Emergency Events; Management and Organizational Design; Unique Issues; Leadership during Extreme Emergencies; The Pandemic Pitfalls: Problems, Mistakes, and Failures; Service Access and Delivery; and Public Relations, Marketing, and Branding. Appendices feature tools for operational and strategic planning, an approach for prioritizing current and upcoming pandemic information, and an annotated list of 28 resources tracked during the COVID years to assist in updating data for background and decision making.
