**Bullsh\*t Comparisons** Andrew Brooks,2024-03-28 Life is complicated comparisons are easy We consume enormous quantities of information every day from sources that are reliable and those less trustworthy including journalists politicians friends and social media One of

the most common tools we use to communicate is comparison. Are we suffering a hurricane of migrants? Do dogs look like their owners? Is Oxford better than Harvard? Metaphors, models, and metrics are used to compare anything from schools to wars to iconic people. But how helpful are they? What truths do they hide, and what bullshit do comparisons propagate? Looking across a fascinating range of situations, both familiar and unfamiliar, serious and light-hearted, *Bullshit Comparisons* is a ground-breaking guide to the role of what could be true but misleading comparisons. It is illuminated by examples spanning the globe, from university league tables to childhood rivalries, politicians' tawdry analogies, the FIFA World Footballer of the Year award, and Chinese neo-colonialism in Africa. Ideal for anyone interested in critical thinking or who simply wants to be able to spot bullshit at twenty paces, this thought-provoking, intelligent, and often amusing book will challenge you to think critically about the use of comparison.

Sector Insights: Real Estate in Portugal

What is the state of real estate in Portugal? A decade ago, the country put in place attractive fiscal advantages like the Golden Visa and non-habitual residency agreements to attract foreign cash. This enhanced an investment proposal that was already tricky to match within Europe. A warm climate, European capital, and an oceanfront offers an unbeatable lifestyle package. Other incentives also drove the Portugal brand as a market and, in conjunction, as a tourist destination. But in 2023, government rhetoric began to stir with programs like Antnio Costa's *Mais Habita o*, a program to increase access to affordable homes in the wake of soaring real estate prices. The program has met with fierce criticism, however, as has the canceling of the Golden Visa program. It is against this backdrop that research for this 50-page *Sector Insights* report began.
