Amelia Scott, AI, 2025-02-27 Father Risks Life explores the historical and ongoing phenomenon of male sacrifice in the labor force particularly in hazardous occupations It examines how societal expectations around gender roles and economic

pressures have driven men into dangerous jobs often prioritizing productivity over personal safety Intriguingly despite comprising roughly half the workforce men account for over 90% of workplace fatalities highlighting the stark disparity in occupational risk The book's value lies in shedding light on this overlooked aspect of labor economics and social science urging a re-evaluation of the implicit acceptance of male sacrifice as a cost of progress The book adopts a narrative non-fiction approach blending statistical analysis with personal stories to illustrate the complex interplay between gender labor and technological advancement For instance it notes how automation while potentially reducing male occupational fatalities also creates new forms of job insecurity and necessitates workforce retraining

*Father Risks Life* progresses by first establishing the historical context then delving into the socio-economic drivers of male risk-taking and finally analyzing the impact of automation

*Semi/Human* Erik E. Hanberg, 2020-04-06 Robots are in Humans are out Can one teenager steal her way to a better future Pen Davis just lost her internship to a robot As supercomputers take over all the jobs in the world the lonely teen doesn't see a future Desperate to escape the coming robo-pocalypse she devises a plot to steal millions from her former boss It's payback for laying her off and the only way Pen can see how to scrape together enough cash to survive But her plan takes a crazy turn when she fumbles the hijacking of a self-driving truck and accidentally sets it free Stuck with a semi who practically wants to be her little sister Pen tries to make the best of it She uses the semi to rescue quiet James who is interested enough in her that he's willing to join her crew even though he'd prefer not to do anything actually illegal When she convinces James and the truck to help her the plan fails spectacularly and her mismatched team is torn apart Will Pen claim the riches of her dreams or will a unique friendship give her something money can't buy *Semi Human* is an action-packed science-fiction adventure If you like quirky characters hilarious road trips and awesome high-tech heists then you'll love Erik Hanberg's fast-paced caper
