Wiggins, Matthew L. Jones, 2023-03-21 Fascinating Jill Lepore The New Yorker A sweeping history of data and its technical political and ethical impact on our world From facial recognition capable of checking people into flights or identifying undocumented residents to automated decision systems that inform who gets loans and who receives bail each of us moves through a world determined by data empowered algorithms But these technologies didn't just appear they are part of a history that goes back centuries from the census enshrined in the US Constitution to the birth of eugenics in Victorian Britain to the development of Google search Expanding on the popular course they created at Columbia University Chris Wiggins and Matthew L Jones illuminate the ways in which data has long been used as a tool and a weapon in arguing for what is true as well as a means of rearranging or defending power They explore how data was created and curated as well as how new mathematical and computational techniques developed to contend with that data serve to shape people ideas society military operations and economies Although technology and mathematics are at its heart the story of data ultimately concerns an unstable game among states corporations and people How were new technical and scientific capabilities developed who supported advanced or funded these capabilities or transitions and how did they change who could do what from what and to whom Wiggins and Jones focus on these questions as they trace data's historical arc and look to the future By understanding the trajectory of data where it has been and where it might yet go Wiggins and Jones argue that we can understand how to bend it to ends that we collectively choose with intentionality and purpose Faith and Fashion Julie Cole, Graham

Cole, 2022-08-24 We all wear clothes But are you concerned that your fashion choices are mere vanity or wasteful or

environmentally harmful The question is how to look our best in a responsible and wise way that avoids guilt vanity and immodesty Jules and Graham Cole bring their expertise to bear on this question in this unique collaboration Jules as a fashion designer and Graham as a theologian This book pays attention to differences in body type and the challenge of best fit and does so in an environmentally sustainable way In this work you will find hints on how to dress and how to coordinate a wardrobe that is economically responsible and minimizes landfill The book seeks to honor the God of the Bible who values beauty The discussion culminates in considering the ultimate wardrobe change Fashions come and go but to be clothed with Christ is never out of date
