100+ REAL Work from Home Jobs, Gigs, Careers, and Side Hustles that You Can Do RIGHT NOW Rebecca Hurst, 2020-06-08 Yes you really can make an actual income working from home Under the recent advice of social distancing and stay safe stay at home the advantage in

today's workforce lies with those people who are able to do real work from home. Because let's face it, this will not be the only instance in our lifetime where we will encounter the need to lock down and shelter in place. In my book, I show you over 100 ways you can have a successful career working from the comfort of your own home. My *Work from Home* book addresses all skill levels and touches on nearly every sector of gainful employment that can be performed remotely. From highly skilled medical professionals to someone just now entering the workforce with little to no prior experience, there's a job for you. If you're just looking to make some extra side income or work at your own pace, this book is for you, too. Many positions can be tailored to your preferred schedule, what your expertise is, and what your level of comfort with technology might be. I took the guesswork out of the equation for you. Other books, blogs, and articles will direct you to the link to find the job, and then you have to figure out if it is for you. The goal of my book is to cut out some of that guesswork for you by supplying you with as much information as possible so that you can start your own process without having to wade through all the internet muck I have done the heavy lifting for you. You will find at least one chapter that seems like it was written especially for you in your situation. This book is set up in chapters divided by how you would go about finding a job you love. The first part is about finding what work you might want to do, establishing what you're good at, and general advice about job hunting and working from home. The bulk of the book is dedicated to practical guidance for finding that job in the real world. You can peruse the types of jobs that can be done remotely and how you might go about performing the job you love. Conversely, I have provided you with a listing of over 60 companies who are actively hiring remote work from home workers. Out of the 100 ways to work from home, you're sure to find something you never thought of doing. Finally, I wrap up with addressing places to find freelance or gig work and suggesting some job opportunities you might take advantage of working from your house as a base of operations. While these jobs might not be done completely at home, you can still work out of your house without having to step foot in a cooperative office. It's better in the eBook format. I would highly recommend purchasing or gifting this book in the Kindle eBook format because it is filled to the brim with helpful links that are clickable when read in the eBook format. If you have a Kindle Unlimited membership, you can also get this title for FREE for a limited time, so be sure to click [Read for Free](#) before this title is removed from Kindle Unlimited.
