 Rubén Arcos,Irena Chiru,Cristina Ivan,2023-11-17 This interdisciplinary Handbook provides an in depth analysis of the  
 complex security phenomenon of disinformation and offers a toolkit to counter such tactics Disinformation used to propagate  
 false inexact or out of context information is today a frequently used tool of political manipulation and information warfare  
 both online and offline This Handbook evidences a historical thread of continuing practices and modus operandi in overt  
 state propaganda and covert information operations Further it attempts to unveil current methods used by propaganda  
 actors the inherent vulnerabilities they exploit in the fabric of democratic societies and last but not least to highlight current  
 practices in countering disinformation and building resilient audiences The Handbook is divided into six thematic sections  
 The first part provides a set of theoretical approaches to hostile influencing disinformation and covert information operations  
 The second part looks at disinformation and propaganda in historical perspective offering case study analysis of  
 disinformation and the third focuses on providing understanding of the contemporary challenges posed by disinformation and  
 hostile influencing The fourth part examines information and communication practices used for countering disinformation  
 and building resilience The fifth part analyses specific regional experiences in countering and deterring disinformation as  
 well as international policy responses from transnational institutions and security practitioners Finally the sixth part offers a  
 practical toolkit for practitioners to counter disinformation and hostile influencing This handbook will be of much interest to  
 students of national security propaganda studies media and communications studies intelligence studies and International
