**Man Up** Cynthia Miller-Idriss, 2025-09-16 The revelatory and urgent story of how an explosion of misogyny is driving a surge of mass and far right violence throughout the West from an internationally recognized extremism expert and media commentator What two things do most mass shooters terrorists or violent extremists have in common Most of us know the first they are almost always men or boys But the second They are almost always virulent misogynists homophobes or transphobes even if they are also motivated by racism antisemitism or xenophobia The antigovernment militiamen charged with plotting to kidnap and execute Michigan governor Gretchen Whitmer used language saturated with misogyny with one telling an FBI informant Just grab the bitch The men who killed scores at Virginia Tech the Pulse nightclub and a Maryland newsroom all had prior reports of stalking domestic violence or harassment of women And in dozens of other incidents from North America to Norway to New Zealand an increasing number of misogynist incel involuntary celibate and male supremacist attackers have explicitly targeted and killed women blaming feminism or sexual frustration with women as motivation for their attacks Yet despite all evidence the bright red thread of misogyny running through these attacks is barely acknowledged by the media or even experts and this failing leaves us powerless to stop the violence In **Man Up** Cynthia Miller Idriss a leading expert on extremism addresses this crucial oversight head on revealing how an epidemic of misogyny both online and off and a patriarchal backlash are driving an exponential rise in mass and far right violence She also offers essential strategies that all of us including parents teachers and counselors can use to fight the rising tide of violence beginning with recognizing the misogyny that pervades our everyday lives [Deconstructing Woke Brainrot](#)

**Conrad Riker**, 101-01-01 Your Mind Is Under Attack And You re Not Even Aware Are you tired of feeling like the world is rigged against men Do you see masculinity being mocked while weakness is praised and wonder how we got here Have you been punished for speaking up only to watch ideology replace truth This book is not just another rant It s a full spectrum dismantling of the forces eroding men s minds identities and futures Exposes how TikTok and Chinese tech are rewiring male attention spans and values Reveals the hidden Marxist roots of modern feminism and gender ideology Shows how evolutionary biology proves traditional roles aren t oppression they re survival Presents irrefutable data on male female differences that cancel culture refuses to acknowledge Uncovers real cases where men were destroyed by false accusations and ideological bias Documents how schools media and corporations are weaponizing inclusion to erase men Proves that gender fluidity harms children and benefits ideological extremists Equips you with logic facts and courage to reject social engineering and reclaim your mind If you want to break free from brain rot resist ideological control and stand firm as a man in a collapsing culture buy this book today *Virtual Human-Animal Interactions* Christine Yvette Tardif-Williams, John-Tyler Binfet, 2023-07-14 Interest in the field of human animal interactions is burgeoning and researchers and educators are keen to understand the science undergirding research that helps us understand interactions between people and animals Recently

exciting and innovative research is focusing on how people's virtual interactions with animals can enhance their learning social interactions and well being This research aims to answer questions such as What types of interactions do people have with animals in a virtual context How do people access and experience their virtual interactions with animals Do virtual interactions with animals hold potential to enhance people's well being and learning in the same way that in person interactions with animals have been documented What educational strategies could be employed to enhance people's virtual interactions with animals How can we respect animals as research participants within a virtual context Drawing from seminal and cutting edge research in the field of human animal interactions these questions and others are answered in Virtual Human Animal Interactions Research informed and grounded in critical discussions of theory and practice this book challenges readers to reconceptualize their understanding of research and practice exploring the complexities inherent in and arising from people's virtual interactions with animals Further with an eye to the future this book illuminates readers thinking around the empirical and practical implications of facilitating interactions between people and animals within virtual contexts Researchers and educators from across disciplines will find Virtual Human Animal Interactions both scientifically savvy and practical
