Methods and Applications of Artificial Intelligence, 2004 **Artificial Intelligence in Education** Ben Du Boulay, R. Mizoguchi, 1997 The theme of this book is Knowledge and Media in Learning Systems and papers that explore the emerging roles of intelligent multimedia and distributed technologies as well as computer supported collaboration within that theme are included The spread of topics is very wide encompassing both well established areas such as student modelling as well as more novel topics such as distributed intelligent tutoring on

the World Wide Web Far from undermining the need to understand how learning and teaching interact the newer media continue to emphasise the interdependence of these two processes Collaboration and tools for collaboration are the major topics of interest Understanding how human learners collaborate how peer tutoring works and how the computer can play a useful role as either a more able or even a less able learning partner are all explored here **Corporate Entrepreneurship and Sustainability** Sarah Lai-Yin Cheah, Joshua Ng Jun Zhi, 2025-06-19 This book provides detailed case studies exploring how industry leading organizations are integrating corporate innovation and sustainability initiatives The book first introduces the difficulties and importance of managing innovation within established organizations It identifies five themes key for organizations seeking to future proof their business external drivers in the business environment structures for corporate entrepreneurship modes of collaboration sustainability as a lever for innovation and performance management It then provides detailed case studies of how companies across diverse sectors such as banking shipping and real estate made the choice between short term profit and future proofing their business Cases are written such that they can be used independently and a storytelling approach is used so that readers may apply the conceptual frameworks and see how theories are translated into practice Detailed teaching notes are available for instructors each containing a sample lesson plan six discussion questions suggested answers and further readings A useful teaching resource for instructors and students in corporate entrepreneurship corporate innovation and strategic foresight **Using Device Models to Facilitate the Retrieval of Multimedia Design Information** ,1993 Research in Education ,1974 Resources in Education ,1974 *Proceedings of the ...
