Revenue Growth in Your Organization Revenue is the engine behind every decision your company makes forming the backbone of your business metrics It drives product innovation shapes go to market strategies and guides your hiring priorities At the heart of revenue lies the pipeline a crucial leading indicator built on meaningful high value interactions with decision makers Unlocking growth requires cultivating a pipeline acceleration mindset across your entire organization More

importantly success hinges on fostering accountability through precise measurement and well structured cadences Yet many organizations lack a fully integrated sales operating system one specifically designed to navigate the complexities of today s enterprise environment If your revenue depends on the strength of your pipeline coverage why isn t it treated as a disciplined well defined practice Pipeline is a science while managing opportunities and closing deals is more of an art To achieve consistent scalable success you must fundamentally rethink your sales approach aligning strategy and execution with how today s buyers make decisions in high stakes complex environments The solution is both innovative and transformative blending creativity with discipline to reimagine your operating systems The real question is How far are you willing to go to ensure your company s growth and long term success The most effective way to drive this transformation is through proven engagement frameworks and expertly designed sales plays executed in a clear actionable sequence This method doesn t just make revenue growth possible it makes it inevitable It empowers your teams to become trusted advisors who shape outcomes rather than merely reacting to them Hyperscaled Revenue has helped organizations achieve groundbreaking results increasing deal sizes by 73% shortening sales cycles by 43% improving win rates by 34% and reducing discounting by 21% These transformative outcomes consistently redefine what s possible for revenue growth in leading organizations

Only Humans Need Apply Thomas H. Davenport, Julia Kirby, 2016-05-24 An invigorating thought provoking and positive look at the rise of automation that explores how professionals across industries can find sustainable careers in the near future Nearly half of all working Americans could risk losing their jobs because of technology It s not only blue collar jobs at stake Millions of educated knowledge workers writers paralegals assistants medical technicians are threatened by accelerating advances in artificial intelligence The industrial revolution shifted workers from farms to factories In the first era of automation machines relieved humans of manually exhausting work Today Era Two of automation continues to wash across the entire services based economy that has replaced jobs in agriculture and manufacturing Era Three and the rise of AI is dawning Smart computers are demonstrating they are capable of making better decisions than humans Brilliant technologies can now decide learn predict and even comprehend much faster and more accurately than the human brain and their progress is accelerating Where will this leave lawyers nurses teachers and editors In *Only Humans Need Apply* Thomas Hayes Davenport and Julia Kirby reframe the conversation about automation arguing that the future of increased productivity and business success isn t either human or machine It s both The key is augmentation utilizing technology to help humans work better smarter and faster Instead of viewing these machines as competitive interlopers we can see them as partners and collaborators in creative problem solving as we move into the next era The choice is ours
