De Gruyter Handbook of Media Technology and Innovation Richard A. Gershon, 2025-01-27 The De Gruyter Handbook of Media Technology and Innovation brings together scholars from around the world to provide key insights on emerging technology trends and issues related to the fields of media management information technology product design planning and digital lifestyle This handbook is about the power of good ideas It s about those business enterprises government planners educators and entrepreneurs that have harnessed the power of good ideas to become real difference makers in the world we live in Keeping pace with fast paced technology change requires ongoing assessment and reassessment of the media management and technology fields to address important questions and emerging issues A major premise of this book is that

given the complex and ever changing state of media technology we have a responsibility and obligation to engage in a broader interdisciplinary dialogue whose purpose is to understand the current and future state of media technology and innovation as well as to appreciate the social impact that such technologies have on business education and the general public Forecasting the future as any weatherperson or stock broker can tell you is a risky business But in this book we use the phrase the creative next step as a way to talk about the future and what we can expect in terms of the opportunities and challenges going forward

A Guide to Practical Online Lexicography Pedro A. Fuertes-Olivera, 2025-04-28 A Guide to Practical Online Lexicography provides a step by step course on digital lexicography discussing state of the art theoretical lexicography and offering a guide to practical lexicography with a focus on monolingual online dictionaries Dictionaries today need to be designed and made for online environments use up to date technologies in all aspects of lexicography and have adequate business models in place for financing them This book Covers lexicographic data and categories of existing online dictionaries and shows how to plan analyse and store data Discusses the relationship between technology dictionary users and dictionary makers lexicographic developments and economic costs Provides an in depth case study of designing and making the Diccionario Digital del Espa ol DIDES an online dictionary of Spanish edited by the author Includes further reading recommendations practical activities and questions for discussion at the end of each chapter Drawing on materials developed by the author from his experience of over 20 years of lecturing in universities and institutions globally this is a practical go to guide to online lexicography for students of lexicography e lexicographers and researchers
