Virtual Collaborative Writing in the Workplace: Computer-Mediated Communication

Technologies and Processes Hewett, Beth L., Robidoux, Charlotte, 2010-06-30 This book investigates the use of computer mediated communication technologies and collaborative processes to facilitate effective interdependent collaboration in

writing projects especially in virtual workplace settings Provided by publisher *Handbook of Research on Virtual Training and Mentoring of Online Instructors* Keengwe, Jared, 2018-07-06 To meet the dynamic academic demands of twenty first century digital learners many institutions of higher learning are offering more online classes than ever before that are accessible to both traditional and non traditional learners As such a growing demand for online courses implies that participating institutions provide faculty with appropriate professional development programs to ensure the design and delivery of quality online courses The Handbook of Research on Virtual Training and Mentoring of Online Instructors is a critical scholarly resource that highlights the issues challenges and online engagement experiences to enhance effective teaching and learning in this learning environment Featuring coverage on a broad range of topics such as media literacy professional development and virtual learning environments this book is geared towards educational administrators educators and instructional designers interested in quality online instruction Leigh Roams — A Biography DAVID BUNNEY, 2025-10-03 Leigh Roams A Biography Australia's First AI Travel Influencer tells the story of how an AI persona was created to become a pioneer in travel and lifestyle media Inspired by the idea of sharing wisdom with a younger self Leigh Roams represents a new generation of storytelling blending AI travel philosophy and cultural connection This book explores her origins her debut music video Come Roam With Me and the creative process behind her design It also examines the future of AI virtual influencers their potential for businesses and brands and the human AI partnership shaping tomorrow's media Written by AI futurist and author David Bunney The AI Red Book How to Teach Your Kids AI this biography is both a milestone in Australia's digital culture and a guide to what's possible when technology meets imagination **Intersections of Ageing and Disability during the COVID-19 Pandemic** Bethany Simmonds, Maria Berghs, 2025-03-14 The sociology of ageing disability and health illness are fields of research which have many crossovers intersections and convergences and these connections have been under researched which reflects the neglect of the sociology of ageing and disability in mainstream sociology more broadly Although the pandemic has illuminated the experiences of older people and people with disabilities disability and age have often been conflated for instance when calculating risk of infection and disease Whilst there are some shared experiences of discrimination and precarity between older people and persons with disabilities there are also important divergences in historical political and theoretical underpinnings in these corpuses of work which need further exploration as does potential for conversations and or connection across distinct fields Although experiences of ageism and disablism are not understood universally they have been intensified by the COVID 19 pandemic The rationing of limited healthcare resources from ventilators to vaccines has been openly debated particularly in relation to their allocation to older people persons with disabilities and or those with chronic health conditions The implementation of restrictions to movement and social interactions in many countries has also had a disproportionate effect on older and disabled groups with many being disproportionately targeted and their freedoms limited to protect them against those who are more likely to

spread the virus As groups amongst whom some people tend to already be sequestered from society these practices have had cumulative long term detrimental impacts on their mental physical and social wellbeing and arguably on how both groups are represented in societies Scholarship is responding to issues highlighted by the pandemic in the treatment and representation of older people and persons with disabilities but this tends to focus either on older people or people with disabilities Our goal is instead to move debates forward by seeking contributions that take both disability and ageing into account
