Online passive income is the ultimate dream. Making money while you sleep. Everybody wants it. But is it really possible? The short answer is YES. The longer answer is yes, but it isn't easy to accomplish. If it was, wouldn't everyone be doing it? In my ebook, I give you a step-by-step plan on how to develop a passive income online business and show you how making money online actually works, with links to supporting lessons for extra clarity. The specific plan I teach is designed to make you 5,000 per month in passive income earnings based on Blogging, Affiliate Marketing, Freelancing, and Selling of Digital Products. Once you understand the process, though, you can decide to work with any of them or with all. When you stop is up to you, and yes, there are people making tens of thousands of dollars per month on the Internet based on these concepts. They just love the work and don't ever stop.

What's great about the business plan that I teach you is not only the income level you will accomplish if you follow through, but all that you will learn in the process. The skills you learn in this ebook will enable you to build all kinds of online businesses and open the door for all kinds of entrepreneurial projects you may have. Not only that, you will be able to evaluate business ideas much more intelligently once you've gone through this whole process. You will understand the fundamentals of keyword research, analysis, traffic lead generation, social affiliate marketing, monetization, conversion testing, and traffic analysis. These skills will help you immensely in ANY business you ever decide to start, online or not, passive or not.

Generating an online passive income won't happen overnight and takes a lot of hard work, but going through the process is completely worth it, and having an exact plan of action is the ONLY way to ensure success. Let me put it this way: if you were offered no pay for six months for 40 hours of
