Brennen, 2025-01-20 This fully updated fourth edition provides students and researchers with the tools they need to perform critically engaged theoretically informed research using methods that include interviewing focus groups historical research oral histories textual analysis ethnography and participant observation and digital ethnography and netnography Each chapter features step by step instructions that integrate theory with practice as well as a case study drawn from published research demonstrating best practices for media scholars Readers will also find in depth discussions of the challenges and ethical issues that may confront researchers using a qualitative approach With new case studies and examples throughout this fourth edition also includes updated and expanded material on performing data analysis how to analyze and understand research findings performing social media research and the use of big data and Artificial Intelligence A I This includes a brand new chapter on generative A I which examines recent advancements and technological developments and considers ways qualitative researchers can use it for their research A comprehensive and accessible guide for those hoping to explore this rich vein of research methodology this book provides students and scholars with all the tools they need to be able to work with in today s convergent media environment

*Popular Science* ,1946-08 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better

The Moral Rights of Authors and Artists Mira T. Sundara Rajan, 2025-01-20 Moral rights are held by authors and artists under copyright laws around the world and serve to recognize their role and rights as creators In the technological context these rights have acquired a new importance Moral rights respond to a growing public need for the integrity of knowledge while providing much needed support in the struggle against copyright piracy Crucially they affirm the basic human dignity of authors and artists everywhere They offer the potential for new approaches to copyright conflicts for harmonizing public and private interests commercial and cultural priorities copyright and Copyleft through a time tested and universally relevant idea Moral Rights of Authors and Artists From the Birth of Copyright to the Age of Artificial Intelligence tells the story of moral rights as the idea developed through the ages from their antecedents in Asia and Europe to their modern emergence in British and European copyright laws and their recent reluctant yet powerful acceptance in the United States It paints an unparalleled comparative picture of copyright law reaching from North America to Australia and New Zealand India Japan Korea and all across Continental Europe drawn from the author s rich international experience and her practical insights as an author and artist herself Above all this book explores the unprecedented relevance of moral rights in the age of artificial intelligence where they can help to affirm the importance of human creativity at its most vulnerable It is a powerful work of illumination and advocacy
