Dunaway, 2021-12-14 American writer Julien Green's 1900-1998 origins artistic motivation and identity was a source of mystery and confusion even for those that most befitted him The first non-French national to be elected to the Académie française Green authored several novels *The Dark Journey* *The Closed Garden* *Moirra* *Each Man in His Darkness* and the Dixie trilogy a four-volume autobiography *The Green Paradise* *The War at Sixteen* *Love in America* and *Restless Youth* and his famous *Diary* In this study John M. Dunaway begins with an examination of the autobiographical context of Julien Green's works in which the duality of mystic and sensualist is quite clearly polarized He then proceeds through a selected series of Green's fictional works in an attempt to show the birth and nature of the third self as a personal myth of the artist He then considers the fiction in chronological order with the intention of demonstrating the evolution of the myth of the third self in Green's career
