Character And Identity The Philosophical Foundation Of Political And Sociological Perspectives:

Character and Identity: Philosophical foundations of political and sociological perspectives Morton A. Kaplan, 1998

Character and Identity Philosophical Foundations of Political and Sociological Perspectives is designed by editor Morton A Kaplan to show despite the fundamental flaws in the classical Greek accounts of truth and knowledge why its quest for rational knowledge remains legitimate and vital to the concepts of character and identity To set the stage Part One includes a statement of the classical Greek position by Dean Jude Dougherty an account of the contemporary anticlassical stories position by John Simpson and an initial attempt to restore the Greek concept of rational inquiry by Lloyd Eby In subsequent chapters Kaplan restates the Greek position and shows why developments in science and philosophy are incompatible with the Greek concepts of truth and knowledge A brief excursus through the history of philosophy is intended to show how the Greek quest can be pursued in a manner consonant with the contemporary realm of knowledge In the course of this argument it will be shown why Leo Strauss who regarded contemporary philosophy as the prisoner of a mistaken seventeenth century paradigm fatally misconceived the role of seventeenth century philosophy and its relationship to contemporary thought Kaplan argues that contemporary philosophy is in large part a response to the breakdown of Hegel a great attempt to provide a modern alternative to Aristotle's synoptic philosophy an attempt that brings history and historicity into the center of the picture Kaplan shows why postmodernism is based on an incomplete and ultimately incoherent understanding of the consequences of the collapse of the Hegelian system and of the character of language In a version of pragmatism that restores the concept of objective truth Kaplan then explores the political and sociological aspects of this philosophical position and shows how it relates to character and identity He then shows how a weakly ordered but relevant position with respect to ethics and morals is consistent with a sustainable contemporary understanding of the quest for rational objective knowledge

relationship to contemporary thought Kaplan argues that contemporary philosophy is in large part a response to the breakdown of Hegel a great attempt to provide a modern alternative to Aristotle's synoptic philosophy an attempt that brings history and historicity into the center of the picture Kaplan shows why postmodernism is based on an incomplete and ultimately incoherent understanding of the consequences of the collapse of the Hegelian system and of the character of language In a version of pragmatism that restores the concept of objective truth Kaplan then explores the political and sociological aspects of this philosophical position and shows how it relates to character and identity He then shows how a weakly ordered but relevant position with respect to ethics and morals is consistent with a sustainable contemporary understanding of the quest for rational objective knowledge

from the North to the South Though this volume does not aim to be a corrective to such perspective it is surely different from it Most contributions to this volume closely examine the nature of globalisation as a very ancient historical phenomenon and how its structures and processes have changed in the present avatar of globalisation There are convincing arguments on the reverse direction of the global flow which otherwise goes unnoticed by many e g globalisation may originate from below quoted from Prof Yogendra Singh s foreword Through contributions from researchers from divergent disciplinary backgrounds this volume adds hitherto unexplored dimensions to the discourse of globalisation As it contains articles written in lucid and jargon free language the volume makes an understandable reading for teachers students and all those who are interested in knowing the socio cultural reality of present day world
