Counter-figures: An Essay on Anti-metaphoric Resistance. Paul Celan's Poetry and Poetics at the Limits of Figurality Pajari Räsänen,2007 *Shakespeare and Elizabethan Poetry* M. C. Bradbrook,1979-07-05 This 1979 study relates Shakespeare's work to the poetry criticism and life of his age Drawing upon a considerable body of evidence it shows how Shakespeare was influenced by medieval thought by classical sources by the popular verse and the theatre of his day and by the Elizabethan use of language **The Columbia History of American Poetry** Jay Parini,1993-12-23 New York Times Book Review **The Character of the Poet** Louis Simpson,1986 Simpson writes of the need for a true connection between poetry and how lives are lived **Poetry and Mathematics** Scott Buchanan,1929 Character and Person John Frow,2014-04 Character and Person explores the category of fictional character one of the most widely used and least adequately theorized concepts in literary studies cultural studies and everyday usage It sets fictional character in relation to the concept of person and tries to examine how each of these terms is constructed across different cultures **The Complete Works of Virginia Woolf** Virginia Woolf,2024-02-22 This ebook contains Virginia Woolf's complete works This edition has been professionally formatted and contains several tables of contents The first table of contents at the very beginning of the ebook lists the titles of all novels included in this volume By clicking on one of those titles you will be redirected to the beginning of that work where you'll find a new TOC that lists all the chapters and sub chapters of that specific work **Literary Characters Drawn from Life--Supplement: 1936-1953** Earle Francis Walbridge,1953 **Poetry** Harriet Monroe,1929 Virginia Woolf and Poetry Emily Kopley,2021-06-10 Virginia Woolf's career was shaped by her impression of the conflict between poetry and the novel a conflict she often figured as one between masculine and feminine old and new bound and free In large part for feminist reasons Woolf promoted the triumph of the novel over poetry even as she adapted some of poetry's techniques for the novel in order to portray the inner life Woolf considered poetry the rival form to the novel A monograph on Woolf's sense of genre rivalry thus offers a thorough reinterpretation of the motivations and aims of her canonical work Drawing on unpublished archival material and little known publications the book combines biography book history formal analysis genetic criticism source study and feminist literary history Woolf's attitude towards poetry is framed within contexts of wide scholarly interest the decline of the lyric poem the rise of the novel the gendered associations with these two genres elegy in prose and verse and the history of English Studies Virginia Woolf and Poetry makes three important contributions It clarifies a major prompt for Woolf's poetic prose It exposes the genre rivalry that was creatively generative to many modernist writers And it details how holding an ideology of a genre can shape literary debates and aesthetics *JOHN BUCHAN - Ultimate Collection: 28 Novels & 40+ Short Stories (Including Poems, War Writings, Essays, Biographies & Memoirs) - Illustrated* John Buchan,2024-01-11 In the expansive anthology JOHN BUCHAN

Virginia Woolf and the Art of Criticism Morris Irving Goldman,1959 Paperbound Books in Print ,1992 Book Review Digest ,1924 *Best Sellers* ,1983 The Ever-Present Origin Jean Gebser,2020-08-25 This English translation of Gebser s major work Ursprung und Gegenwart Stuttgart Deutsche Verlag 1966 offers certain fundamental insights which should be beneficial to any sensitive scientist and makes it available to the English speaking world for the recognition it deserves The path which led Gebser to his new and universal perception of the world is briefly as follows In the wake of materialism and social change man had been described in the early years of our century as the dead end of nature Freud had redefined culture as illness a result of drive sublimation Klages had called the spirit and he was surely speaking of the hypertrophied intellect the adversary of the soul propounding a return to a life like that of the Pelasgi the aboriginal inhabitants of Greece and Spengler had declared the Demise of the West during the years following World War I The consequences of such pessimism continued to proliferate long after its foundations had been superseded It was with these foundations the natural sciences that Gebser began As early

as Planck it was known that matter was not at all what materialists had believed it to be and since 1943 Gebser has repeatedly emphasized that the so called crisis of Western culture was in fact an essential restructuration Gebser has noted two results that are of particular significance first the abandonment of materialistic determinism of a one sided mechanistic causal mode of thought and second a manifest urgency of attempts to discover a universal way of observing things and to overcome the inner division of contemporary man who as a result of his one sided rational orientation thinks only in dualisms Against this background of recent discoveries and conclusions in the natural sciences Gebser discerned the outlines of a potential human universality He also sensed the necessity to go beyond the confines of this first treatise so as to include the humanities such as political economics and sociology as well as the arts in a discussion along similar lines This was the point of departure of *The Ever Present Origin From In memoriam Jean Gebser* by Jean Keckeis The Making of a Poem Stephen Spender, 1973 **Shakespeare and Elizabethan Poetry** Muriel Clara Bradbrook, 1961
