soldier to realize that he was fighting for a good cause the Nazis being more readily identifiable as bogeymen than the soldiers of the Kaiser There are those who argue that in the postwar era things have gone too far in the opposite direction Indeed Babington quotes the Duke of Edinburgh as saying We didn't have counsellors rushing around every time someone let off a gun asking Are you alright You just got on with it Nonetheless few would argue that a counsellor is preferable to a firing squad Judge Babington has produced a fascinating if sometimes harrowing study of the effects of war upon the fighting soldier of the gradual understanding of the problem of battle fatigue and of the more merciful and sympathetic approach to its treatment Readers of his earlier works will appreciate that it is a subject which he is uniquely qualified to handle
