Charge To Glory

Frederic Charles Cook

Charge To Glory:

Charge to Glory James Lunt,1976 **The Stand of the U.S. Army at Gettysburg** Jeffrey C. Hall,2009-09-16 This is not just another Gettysburg book but a different Gettysburg book Most of the prior Gettysburg books have been accounts of Confederate command failures that led to Confederate defeat This is the story of the Federal defense leading to Federal victory The book contains new material and new insights It rivals Coddington as an essential Gettysburg book and it maps the battle like Bigelow mapped The Campaign at Chancellorsville Alan T Nolan author of Lee Considered and The Iron Brigade This major reinterpretation of the key battle of the American Civil War tells the story of the Gettysburg campaign as it unfolded from early June through mid July 1863 and its climax with the Federal victory at Gettysburg The book strives to describe the campaign with utmost clarity In pursuit of this goal it restricts itself to the campaign s major events and participants Yet many components of even a boiled down account of the campaign are complex Accordingly The Stand features more than 160 maps and numerous diagrams that allow the reader to understand what happened at every important stage of the campaign with special emphasis on the three day battle of July 1 3 The book also pays tribute to the vast literature on Gettysburg with careful consideration of the many analyses of the campaign paying particular attention to recent works The appearance of new interpretations including those offered here suggests that only now nearly 150 years after the event are we approaching a complete and accurate view of what happened during those crucial days at Gettysburg
