Charles A Lindbergh An American Life:

CHARLES A LINDENBERGH Tom D. Crouch, 1981-01-17 *Charles A. Lindbergh and the American Dilemma* Susan M. Gray, 1988 Throughout his life Lindbergh's value structure interests and activities shifted and moved yielding a conflict between instinct and intellect Both its presence in his life and his readjustment of values in accordance with it are representative of his time and culture He moved with the twentieth century itself from a faith in technology to a disenchantment with it and finally to a balanced resolution that synthesized the seeming oppositions of technology and the human spirit This emphasis on a balance between technology and humanity and Lindbergh's belief that maintained the complementarity rather than the opposition of the two forces finally culminated in a post technological mysticism a teleological worldview of science and nature as aspects of the same physical and spiritual environment *Charles A.*
