

Frederick Douglass

Sunday, 2nd of March, 1854

Dear Ours,

I have considered and discussed
the point in the best of good faith, and
have gone over them again with brother,
we must part of course off for the
payment of \$1000 in a year,
withdrawing everything. This will
keep the Society from going to the
wall, and we can keep it kept, and will
do all the work, I am sure.

We have up for that length
of time, I will send you tomorrow.

Yours truly,
Frederick Douglass

Charles Dickens And The Image Of Woman:

Charles Dickens and the Image of Woman David Holbrook, 1993 Dickens of course had to accept the conventions of his time Clearly the Victorian problem which was man's problem as much as it was woman's was that of bringing the ideal woman and the libidinal woman together It is obvious argues Holbrook that Dickens idealized the father daughter relationship and indeed any such relationship that was unsexual like that of Tom Pinch and his sister but why And why for example is the image of woman so often associated with death as in *Great Expectations* Dickens's own struggles over relationships with women have been documented but much less has been said about the unconscious elements behind these problems *Images of Women in Two Novels of Charles Dickens* Sally Ann Kress, 1980 **A Routledge Literary**

Sourcebook on Charles Dickens's David Copperfield Richard J. Dunn, 2004 Whether read from beginning to end or used as a reference tool this sourcebook reveals the varied life of David Copperfield in the hands of generations of readers critics and adaptors and introduces the work in its social biographical and literary contexts **The Woman Who Pretended to Be Who She Was** Wendy Doniger, 2005 Many cultures have myths about self imitation stories about people who pretend to be someone else pretending to be them in effect masquerading as themselves This great theme in literature and in life tells us that people put on masks to discover who they really are under the masks they usually wear so that the mask reveals rather than conceals the self beneath the self In this book noted scholar of Hinduism and mythology Wendy Doniger offers a cross cultural exploration of the theme of self impersonation whose widespread occurrence argues for both its literary power and its human value The stories she considers range from ancient Indian literature through medieval European courtly literature and Shakespeare to Hollywood and Bollywood They illuminate a basic human way of negotiating reality illusion identity and authenticity not to mention memory amnesia and the process of aging Many of them involve marriage and adultery for tales of sexual betrayal cut to the heart of the crisis of identity These stories are extreme examples of what we common folk do unconsciously every day Few of us actually put on masks that replicate our faces but it is not uncommon for us to become travesties of ourselves particularly as we age and change We often slip carelessly across the permeable boundary between the un self conscious self indulgence of our most idiosyncratic mannerisms and the conscious attempt to give the people who know us personally or publicly the version of ourselves that they expect Myths of self imitation open up for us the possibility of multiple selves and the infinite regress of self discovery Drawing on a dizzying array of tales some fact some fiction **The Woman Who Pretended to Be Who She Was** is a fascinating and learned trip through centuries of culture guided by a scholar of incomparable wit and erudition **A House of Good Proportion: Images of Women in Literature** Michele Murray, 1973 Poems stories and excerpts from novels **Charles Dickens's American Audience** Robert McParland, 2010-06-14 From 1837 to 1912 Charles Dickens was by far the most popular writer for American readers Through several sources including statistics literary biography newspapers memoirs diaries letters and interviews Robert McParland
