Tucker, Nicholas B. Breyfogle, Peter Mansoor, 2020-04-02 World War II was the largest and most destructive conflict in human history It was an existential struggle that pitted irreconcilable political systems and ideologies against one another across the globe in a decade of violence unlike any other There is little doubt today that the United States had to engage in the fighting especially after the Japanese attack on Pearl Harbor on December 7 1941 The conflict was in the words of historians Allan Millett and Williamson Murray a war to be won As the world's largest industrial power the United States put forth a supreme effort to produce the weapons munitions and military formations essential to achieving victory When the war finally ended the finale signaled by atomic mushroom clouds over Hiroshima and Nagasaki upwards of 60 million people had perished in the inferno Of course the human toll represented only part of the devastation global environments also suffered greatly The growth and devastation of the Second World War significantly changed American landscapes as well The war created or significantly expanded a number of industries put land to new uses spurred urbanization and left a legacy of pollution that would in time create a new term Superfund site Minerals, Lands, and Geology for the Common Defence and General Welfare: 1904-1939 Mary C. Rabbitt, 1979 **The University of Wisconsin** E. David Cronon, John W. Jenkins, 1994-10-31 This third volume of the history of the University of Wisconsin Politics Depression and War 1925 1945 continues the history of the famous institution that has become today's University of Wisconsin Madison It carries the story forward from 1925 to the end of World War II as the University was planning for the post war influx of returning veterans Volumes I and II by Professors Merle Curti and Vernon Carstensen were published in 1949 as part of the University's centennial celebration In Volume III E. David Cronon and John W. Jenkins provide a lively and readable account of the significant political social and educational transformations between 1925 and 1945 emphasizing the effect of Wisconsin's partisan politics on the University the growth of the faculty's role in institutional governance the development of close knit faculty and student communities and the ways in which the University maintained and even enhanced its scholarly reputation in a difficult era of history The authors also

look at the expansion of University outreach activities especially the development of a major instructional center in Milwaukee later to become the University of Wisconsin Milwaukee extension centers throughout the state and the new medium of educational broadcasting through the university station WHA considered the oldest station in the nation Read alone or in conjunction with the first two volumes this is a thorough and absorbing history for anyone interested in this remarkable institution Current faculty alumni students and Wisconsin residents will find here a wealth of information enhanced by many historical photographs An engaging additional feature are the cartoons caricatures and sketches from student publications that reveal a student perspective on the people and events of the period
