Norman,2002-10-03 Victorian Christian Socialism began as a protest against industrial evils by a group of Anglicans in 1848 the year of the great Chartist demonstration In F D Maurice it had a prophet and a thinker whose ideas inspired subsequent Christians so that the ideals of the original Christian Socialists began to spread to other Churches The result was a series of critiques of the England of their day rather than a systematic movement and is best analysed as it is in this book through an examination of the leading figures who in addition to Maurice include Charles Kingsley Thomas Hughes and John Ruskin The present study is not a collection of biographical studies however but a history of Christian Socialism constructed around the most influential of its advocates They are shown to have been ethical and educational reformers rather than politicians but in their ability to stand outside the common assumptions and prejudices of their day they achieved social criticism of lasting value *Some Social and Political Pioneers of the Nineteenth Century* Ramsden Balmforth,1900 *A history of English literature* Emile Legouis,Louis François Cazamian,1927
