God's Mirror Katherine Davies, Toby Garfitt, 2014-12-01 Gathering in one place a cohesive selection of articles that deepen our sense of the vitality and controversy within the Catholic renewal of the mid twentieth century God s Mirror offers historical analysis of French Catholic intellectuals This volume highlights the work of writers thinkers and creative artists who have not always drawn the attention given to such luminaries as Maritain Mounier and Marcel Organized around the typologies of renewal and engagement editors Katherine Davies and Toby Garfitt provide a revisionist and interdisciplinary reading of the narrative of twentieth century French Catholicism Renewal and engagement are both manifestations of how the Catholic intellectual reflects and takes position on the relationship between the Church personal faith and the world and on the increasingly problematic relationship between intellectuals and the Magisterium A majority of the writings are based on extensive research into published texts with some occasional archival references and they give critical insights into the tensions that characterized the theological and political concerns of their subjects A History of Modern Criticism, 1750-1950 René Wellek, 1955-01-01 The final volume of Ren Wellek s monumental history of modern criticism is a comprehensive survey of the main currents of twentieth century criticism in Western Europe In this volume as in the preceding books of the series Wellek expounds and analyzes the work of the most prominent critics offering succinct appraisals of his subjects both as individuals and as participants in the broader movements of the century Contents I French

 Willa Cather comes a superb reexamination of one of the most famous American women of letters Delving into heretofore
 untapped sources Lee does away with the image of the snobbish bluestocking and gives us a new Edith Wharton tough
 startlingly modern as brilliant and complex as her fiction Born into a wealthy family Wharton left America as an adult and
 eventually chose to create a life in France Her renowned novels and stories have become classics of American literature but
 as Lee shows Wharton s own life filled with success and scandal was as intriguing as those of her heroines Bridging two
 centuries and two very different sensibilities Wharton here comes to life in the skillful hands of one of the great literary
 biographers of our time **Charles du Bos** Denis Pernot,2006
