Richard Cust

Charles I A Biography:

Charles I Richard Cust,2014-06-11 Charles I was a complex man whose career intersected with some of the most dramatic events in English history He played a central role in provoking the English Civil War and his execution led to the only republican government Britain has ever known Historians have struggled to get him into perspective veering between outright condemnation and measured sympathy Richard Cust shows that Charles I was not unfit to be a king emphasising his strengths as a party leader and conviction politician but concludes that none the less his prejudices and attitudes and his mishandling of political crises did much to bring about a civil war in Britain He argues that ultimately after the war Charles pushed his enemies into a position where they had little choice but to execute him Charles I John Bowle,1975 **Iowa biography** Benjamin F.
