Charlie Muffin en Uncle Sam Brian Freemantle,Riet Leijten,1983 Een oudere Britse geheim agent raakt verstrikt in een
door de FBI opgezet plan om een belangrijk Mafia lid te pakken te krijgen Mind/reader Brian Freemantle,1998 A cat and
mouse thriller starring Claudine Carter as the Profiler the beautiful and brilliant psychologist who must stop a serial killer
before he stops herA serial killer is stalking Europe leaving a trail of dismembered bodies across 15 nations Claudine Carter
Britain's foremost psychological profiler is assigned by Europol the European Union's FBI to track down the murderer using
the clues no one else sees Her partners are a brilliant forensic pathologist and a maverick computer wizard who team up to
stem the rising tide of panic in the continent's most glamorous cities Then her identity becomes public and the tables are
turned In a terrifying game of cat and mouse with a madman it is hard to tell the hunter from the hunted Once again
Freemantle stakes his claim as one of the true masters of the thriller The Encyclopedia of Murder and Mystery B.

critical stance **Looking-Glass Wars: Spies on British Screens since 1960** Alan Burton,2018-01-31 Looking Glass
Wars Spies on British Screens since 1960 is a detailed historical and critical overview of espionage in British film and
television in the important period since 1960 From that date the British spy screen was transformed under the influence of
the tremendous success of James Bond in the cinema the spy thriller and of the new style spy writing of John le Carr and Len
Deighton the espionage story In the 1960s there developed a popular cycle of spy thrillers in the cinema and on television
The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond
films The study also brings new attention to espionage on British television and popular secret agent series such as Spy Trap
Quiller and The Sandbaggers It also gives attention to the more realistic representation of spying in the film and television
adaptations of le Carr and Deighton and other dramas with a more serious intent In addition there is wholly original attention
given to nostalgic spy fictions on screen adaptations of classic stories of espionage which were popular in the late 1970s and
through the 1980s and to historical spy fiction dramas which treated real cases of espionage and their characters most
notably the notorious Cambridge Spies Detailed attention is also given to the secret state thriller a cycle of paranoid screen

dramas in the 1980s which portrayed the intelligence services in a conspiratorial light best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service The study is brought up to date with an examination of screen espionage in Britain since the end of the Cold War The approach is empirical and historical The study examines the production and reception literary and historical contexts of the films and dramas It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films series and serials never previously considered

Red Star Falling Brian Freemantle, 2013-06-25 If Brian Freemantle isn't the best writer of spy novels around he's certainly along with John le Carr in the top two It doesn't get much better than this The Philadelphia Inquirer In a botched escape from Russia MI5 spy Charlie Muffin is seized by the FSB Russia's intelligence service successor to the infamous KGB Charlie is Russia's long term target in British counter intelligence and Moscow is determined to extract by whatever means necessary every secret of British and Western espionage over Charlie's thirty year career Charlie's determined not only to resist the interrogation but to learn from it if his Russian intelligence officer wife and their daughter escaped the trap that snared him and have reached England He embarks on a cat and mouse battle of deception to convince his interrogators that they're learning what they want or think they want aware that one misspoken word could be fatal That's not Charlie's only problem He's also trying to work out how his escape was foiled It could not have been only due to the FSB or his wife and daughter would have been caught as well His MI5 boss doesn't think it was either and suspects treachery by Britain's external intelligence organization MI6 To help discover the truth Natalia Charlie's wife uses all the Russian tradecraft she's ever learned to help save her husband *Red Star Falling* the third in the Red Star trilogy continues the acclaimed series that has established Brian Freemantle as one of the world's most ingenious espionage writers

Red Star Rising Brian Freemantle, 2010-08-03 Britain's MI5 tolerates Charlie Muffin because he's their best field agent What none of his colleagues knows though is that he is married to Natalia Fedova a colonel in the FSB the Russian intelligence successor to the KGB It's a secret that could land her in front of a firing squad and him in jail for life Worst of all their daughter would then end up in a Russian state orphanage But a frantic call from Natalia has brought their secret out and Charlie must lead a combined MI5 MI6 mission to rescue her He soon realizes that his higher ups have other priorities than his family's safety Charlie will have to outwit not just the Russians but his own government as well to protect the lives of his wife and child Clever unpredictable and exciting *Red Star Burning* shows why Brian Freemantle has been widely praised as one of the greatest living espionage novelists
