**Sandra M. Gilbert, Susan Gubar**

## **Charlotte Brontë A Psychosexual Study Of Her Novels:**

*Charlotte Brontë* Charles Burkhart, 1973-01-01      *Charlotte Brontë* Helene Moglen, 1984 The lives of literary figures have always provided a source of fascination the tragic life of Charlotte Brontë is no different In this interpretive critical biography Helene Moglen takes for granted earlier exhaustive studies done on Brontë to produce an analysis that incorporates not only the facts of her life but also their influence upon her works Through her study Moglen seeks to examine the two dimensions that are essential to any study of Brontë the life she lived and the life she created within the pages of fiction By examining the paradoxical personal tragedy and artistic fulfillment that made up Charlotte Brontë's life Helen Moglen shows the evolution of Brontë's feminism Through Brontë's growth Moglen then is able to explore explicitly formations of the modern female psyche Considered to be a major biography fusing together the making of literature and the formation of personality Moglen offers a new critical insight into Brontë's struggle for self definition and how it can be reflected through the lives of readers more than a century later      **Charlotte Brontë. A Psychological Study**, 1929      **Madness and Sexual Politics**

**in the Feminist Novel** Barbara Hill Rigney, 1978 A greater part of the feminist movement has considered traditional psychology to be both a product and a defense of the status quo a patriarchal society Here Barbara Hill Rigney explores emerging feminist psychology by applying it to literary works by women who have depicted the relationship between madness and the female condition The result is a fascinating and illuminating exposition certain to be welcomed by students and scholars in literature and women's studies as well as those in sociology and psychology whose interests include feminism and problems of women and society Among the works Rigney considers are Charlotte Brontë's *Jane Eyre* Virginia Woolf's *Mrs Dalloway* Doris Lessing's *The Four Gated City* and Margaret Atwood's *Surfacing* all of which depict insanity in relation to sexual politics These authors portray a patriarchal social system which in itself manifests symptoms of collusive madness in the form of war or sexual oppression and is thereby seen as threatening to female psychological survival Each of Rigney's author subjects sees her protagonist as tragically divided between male society's prescribed roles for women and a sense of an authentic self Thus emerges a pattern common to all works in which the divided self is reflected by the inevitable juxtaposition of the protagonist to a doppelgänger an insane self an extension of the protagonist who herself can be regarded as sane only by degree A return to true sanity is traced through the patterns found in the selected works Rigney explores the literary metaphor of the return of Demeter or the Amazon mother to restore the alienated female protagonists In order to begin the return from psychosis Rigney concludes they must find the mother within themselves in the form of a feminist consciousness of self worth      *Critical Essays on Charlotte Brontë* Barbara T. Gates, 1990 Studie over het werk van de Engelse schrijfster 1816-1855      **The Brontë Sisters: Evaluation of the novels *Jane Eyre*, *Shirley* and *Villette*** Eleanor Jane McNeese, 1996 The Brontë sisters have received an enormous amount of critical attention given their short lives and relatively slender literary production As a group and individually the Brontës works resist being swept away by any one

critical approach They defied conventional ideas of the novel genre and have always made it difficult for critics to categorize them The aim of these volumes is to emphasize both the diversity and difficulty of critical approaches to the works **The Madwoman in the Attic** Sandra M. Gilbert, Susan Gubar, 2020-03-17 Called a feminist classic by Judith Shulevitz in the New York Times Book Review this pathbreaking book of literary criticism is now reissued with a new introduction by Lisa Appignanesi that speaks to how *The Madwoman in the Attic* set the groundwork for subsequent generations of scholars writing about women writers and why the book still feels fresh some four decades later Gilbert and Gubar have written a pivotal book one of those after which we will never think the same again Carolyn G Heilbrun Washington Post Book World

*Charlotte Brontë and the Storyteller's Audience* Carol Bock, 1992 This intelligent study offers a new and appreciative understanding of Charlotte Brontë as a narrative artist With care and precision Bock counters the prevailing view of Brontë's fiction as unconsciously confessional clearly showing her persistent concern with the reader's collaborative role in the storytelling experience Bock begins with an examination of the creative milieu at Haworth where Brontë initially gained an understanding of her craft and continues with a look at Brontë's relationship with her first audience Branwell Emily and Anne as well as the influence of her early readings in Scott Byron and Blackwood's Magazine Brontë's juvenile tales are used to describe the model of storytelling that she conceptualized during these formative years a model which reflects her belief that author and reader meet on the border of actuality and imagination in order to pursue the truths that narrative fiction can contain Individual chapters discuss the motif of reading and storytelling in *The Professor* *Jane Eyre* *Shirley* and *Villette* and consider the narrative methods which characterize Brontë's relationship with her readers in each of these novels Bock traces Brontë's development as a storyteller from an early struggle to reconceptualize her audience as she tried to enter the literary marketplace with *The Professor* to in her final novel *Villette* a complex acknowledgment of the ways truth may be encompassed contained named and observed in fictional narrative and a hopeful account of the creative event in which readers and writers participate *Charlotte Brontë and the Storyteller's Audience* also includes a history of the critical reception of Brontë's novels pointing out some of the interpretive constraints by which the practice of reading her fiction as unconscious confession has limited our understanding of her narrative skill and literary concerns **The Oxford**

**Companion to the Brontës** Christine Alexander, Margaret Smith, 2018-04-12 This special edition of *The Oxford Companion to the Brontës* commemorates the bicentenary of Emily Brontë's birth in July 1818 and provides comprehensive and detailed information about the lives works and reputations of the Brontës the three sisters Charlotte Emily and Anne their father and their brother Branwell Expanded entries surveying the Brontës lives and works are supplemented by entries on friends and acquaintances pets literary and political heroes on the places they knew and the places they imagined on their letters drawings and paintings on historical events such as Chartism the Peterloo Massacre and the Ashantee Wars on exploration slavery and religion Selected entries on the characters and places in the Brontë juvenilia provide a glimpse into their early

imaginative worlds and entries on film ballet and musicals indicate the extent to which their works have inspired others A new foreword to the text has been also penned by Claire Harman award winning writer and literary critic and recent biographer of Charlotte Bront This is a unique and authoritative reference book for the research student and the general reader The A Z format extensive cross referencing classified contents chronologies illustrations and maps both facilitate quick reference and encourage further exploration This Companion is not only invaluable for quick searches but a delight to browse and an inspiration to further reading

**The Bronte Sisters and George Eliot** Barbara Prentis, 1988-08-10 An approach to the lives thought and works of the Bronte sisters and George Eliot Seen against the background of the dramatically changing world their attitudes to such vital issues as religion the child the woman question love and sexuality the self and death are examined

Studies in Charlotte Bronte Paula Claire Sullivan, 1981

A Companion to the Brontës Diane Long Hoeveler, Deborah Denenholz Morse, 2016-05-31 A Companion to the Brontës brings the latest literary research and theory to bear on the life work and legacy of the Brontë family Includes sections on literary and critical contexts individual texts historical and cultural contexts reception studies and the family's continuing influence Features in depth articles written by well known and emerging scholars from around the world Addresses topics such as the Gothic tradition film and dramatic adaptation psychoanalytic approaches the influence of religion and political and legal questions of the day from divorce and female disinheritance to worker reform Incorporates recent work in Marxist feminist post colonial and race and gender studies
