Love and Romance. Charlotte and Lucy Temple Mrs. Rowson, Leary & Getz, 1854 Charlotte Lucy Bethia Walford, 1902 **Whom the Gods Love Die Young** Roy Macbeth Pitkin, 2008 *Narratives of Love and Loss* Margaret Rustin, Michael Rustin, 2020-05-05 Why do some stories written for children have so powerful an emotional resonance for both child and adult readers This is the question addressed by Margaret and Michael Rustin in a book which offers a detailed critical reading of some of the best known modern British and American stories for children by writers such as E B White Philippa Pearce and C S Lewis The authors make use of psychoanalytical and sociological ideas in their approach interpreting the stories both as metaphors of states of feeling often experienced by children and as images of the wider society in which they are written A particular theme of their discussion is personal and imaginative growth in childhood and the ways this can be affected both for better and worse by separation and loss In their detailed consideration of the narratives of the stories the authors avoid theoretical jargon and concentrate on works which have interest and meaning for adult readers as well as children *Narratives of Love and Loss* is an important and accessible book which will be of special interest to parents and teachers concerned with children's reading and imaginative play and to those working in the fields of psychoanalysis English literature and popular culture The Conquest of Charlotte David Storrar Meldrum, 1902 **Goethe's Families of the Heart** Susan E. Gustafson, 2016-06-30 Throughout his literary work Goethe portrays characters who defy and reject 18th and 19th century ideals of aristocratic and civil families notions of heritage assumptions about biological connections expectations about heterosexuality and legal mandates concerning marriage The questions Goethe's plays and novels pose are often modern and challenging Do social conventions family expectations and legal mandates matter Can two men or two women pair together and be parents How many partners or parents should there be Two One A group Can parents love children not biologically related to them Do biological parents always love their children What is the nature of adoptive

parents children and families Ultimately what is the fundamental essence of love and family Gustafson demonstrates that Goethe s conception of the elective affinities is certainly not limited to heterosexual spouses or occasionally to men desiring men A close analysis of Goethe s explication of affinities throughout his literary production reveals his rejection of loveless relationships for example arranged marriages and his acceptance and promotion of all relationships formed through spontaneous affinities and love including heterosexual same sex nonexclusive group parental and adoptive
