**Charmed Circle** Robert Masson, 1987-04-01      An Introduction to Religious and Theological Studies, Second Edition Cyril Orji, 2021-01-07 An Introduction to Religious and Theological Studies walks students through topical issues to be encountered in the study of the Abrahamic religions Judaism Christianity and Islam as these religions encounter other religions in the context of the wider ecumenism The text is written from a Christian point of view and aims at helping students understand that to be Christian is to be ecumenical African Traditional Religions ATRs has been included in this survey to provide background for the religious traditions and cultures of peoples of Africa as Christianity moves inexorably southward The book has been written with undergraduate general education students in mind including meeting the needs of those in seminaries and theological institutes      Horizons, 1966      A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g. Christian Jewish Muslim etc. agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease      *Christianity and Culture Collision* Cyril Orji, 2016-08-17 Drawn from the Conference on World Christianity this provocatively titled book invoking images of culture collision particularity and the global South prompts for profoundly new understandings of apparently polar themes inculturation universality and world Christianity Since the emergence of world Christianity is not an epiphenomenon but central to the question of how the gospel is good news for today's world readers concerned about the theological issues related to the possibilities for a genuinely new evangelization will find this volume It will also be of interest to students and scholars of African ecclesiastical history world Christianity and inter religious and inter cultural dialogue Cyril Orji is Associate Professor of theology at the University of Dayton Ohio USA He specializes in systematic and fundamental theology with particular emphasis on the theology and philosophy of Bernard Lonergan whom he brings into conversation with the works of the American pragmatist and semiotician Charles Sanders Peirce Dr Orji also collaborates in inter religious dialogue and the

intersection of religion and culture inculturation post colonial critical theory and Black and African theologies and engages in communal practices of communicative theology in the development of local contextual theologies He has published numerous articles in various peer reviewed journals and is the author of *A Semiotic Approach to the Theology of Inculturation* 2015 An Introduction to Religious and Theological Studies 2015 The Catholic University and the Search for Truth 2013 and *Ethnic and Religious Conflicts in Africa An Analysis of Bias and Conversion Based on the Work of Bernard Lonergan* 2008
