

CHARTER OF THE UNITED NATIONS

WE THE PEOPLES OF THE UNITED NATIONS DETERMINED

- to save succeeding generations from the scourge of war, which twice in our lifetime has brought untold sorrow to mankind, and
- to reaffirm faith in fundamental human rights, in the dignity and worth of the human person, in the equal rights of men and women and of nations large and small, and
- to establish conditions under which justice and respect for the obligations arising from treaties and other sources of international law can be maintained, and
- to promote social progress and better standards of life in larger freedom,

AND FOR THESE ENDS

- to practice tolerance and live together in peace with one another as good neighbors, and
- to unite our strength to maintain international peace and security, and
- to ensure, by the acceptance of principles and the institution of methods, that armed force shall not be used, save in the common interest, and
- to employ international machinery for the promotion of the economic and social advancement of all peoples,

HAVE RESOLVED TO COMBINE OUR EFFORTS TO ACCOMPLISH THESE AIMS.

Accordingly, our respective Governments, through representatives assembled in the city of San Francisco, who have exhibited their full powers found to be in good and due form, have agreed to the present Charter of the United Nations and do hereby establish an international organization to be known as the United Nations.

Charter Of The United Nations A Commentary Supplement

Josephat Ezenwajiaku

Charter Of The United Nations A Commentary Supplement:

Protection of Personnel in Peace Operations Ola Engdahl, 2007 The 1994 Convention on the Safety of United Nations and Associated Personnel Safety Convention was the first multilateral convention to deal specifically with the protection of personnel engaged in peace operations It should be viewed against the background of the increasingly volatile environments in which peace operation personnel were required to operate at the beginning of the 1990s An Optional Protocol extending the automatic application of the Safety Convention to new categories of operation was adopted in December 2005 Protection which a host government is responsible for securing for personnel in peace operations may be categorised as general and special protection The former includes for example human rights law and international humanitarian law The latter comprises privileges and immunities accorded to agents of states or organisations The contribution of the Safety Convention is mainly one of interstate penal law co operation States parties are obligated to co operate in order to effectively prosecute the perpetrators of stipulated crimes The protection afforded by the Safety Convention may therefore be categorised as being part of an emerging legal regime against impunity An effective protection needs to address the specific challenges surrounding peace operations Some of these challenges identified in this study are related to the interplay between the rules of peace and war as well as responsibility and accountability of protected personnel It is also contended that there is a need for an effective implementation of existing rules and a careful development of so called status of forces agreements applicable in peace operations

The Charter of the United Nations ,2024-07-04 Since the third edition of this commentary on the Charter of the United Nations was published in 2012 the text of the Charter has not changed DL but the world has Central pillars of the international order enshrined in the UN Charter are facing serious challenges notably the prohibition of the use of force Human rights too have come under increasing pressure now also from contemporary information technology Global warming poses fundamental challenges for the world community as a whole in its effort to stabilize global ecosystems Fully updated the commentary takes up these and other developments It features new chapters on Climate Change and the Human Rights Council The commentary remains the authoritative article by article account of the legislative history interpretation and practical application of each and every Charter provision Written by a team of distinguished scholars and practitioners this book combines academic research with the insights of practice It is an indispensable tool of reference for all those interested in the United Nations and its legal significance for the world community The Commentary will be crucial in combining solid legal foundations with new directions for the development of international law and the United Nations in the twenty first century

Korea and the United Nations Chi Young Pak, 2021-10-01 This book deals with the political and legal issues of the Korean question in the United Nations This is the first in depth analysis of the meaning and effects of the Korean problem in UN politics The book discusses the UN s role in the management of the Korean problem the effects of the Korean war South North Korea s rivalry over the issues of their legitimacy and international representation the problems of

the Korean armistice agreement and prospects for the four party peace talks It also examines North Korea's nuclear program and structural famine as the new concerns of the international community in the post Cold War era This study is intended as one of the important readings for researchers scholars and students in the fields of international law international

organizations and international relations **Obligations Erga Omnes and International Crimes** André de

Hoogh,2023-12-18 This book provides a comprehensive analysis of the law of State responsibility It addresses fundamental questions such as which subjects of international law are entitled to invoke the responsibility of the author state the forms of reparation demands which may be made and the means and counter measures including the use and level of force which may

be employed to enforce demands Audience Academics and researchers in international law **A. L. A. Catalog,**

1926--[Supplement] 1926/31 Marion Louise Horton,Isabella Mitchell Cooper,1933 **The Charter of the United**

Nations Nikolai Wessendorf,2012-11-22 Since the second edition of this commentary on the Charter of the United Nations was published the text of the Charter may not have changed but the world has The wars in Iraq and Afghanistan have had a lasting impact on international law and the Commentary has been fully updated to take their impact into account The new edition has been completely revised and features a completely new chapter on UN reform analyzing the effect of reforms which have already been implemented and examining why other proposals for reform have failed It will assess how these proposals could be improved with a particular focus on the Security Council This new edition also includes coverage of the creation of the Human Rights Council and the impact of the Responsibility to Protect doctrine This is the authoritative article by article account of the legislative history interpretation and practical application of each and every Charter provision Written by a team of distinguished scholars and practitioners this book combines academic research with the insights of practice and is an indispensable work of reference for all those interested in the UN The Commentary will be crucial in providing new directions for the development of international law and the United Nations in the twenty first century **A**

Catalog of Books Represented by Library of Congress Printed Cards. Supplement: Cards Issued August 1, 1942--December 31, 1947 ,1948 **Routledge Handbook of Maritime Regulation and Enforcement** Robin Warner,Stuart

Kaye,2015-08-27 With advances in technology and maritime transport human use of the ocean now extends beyond the traditional activities of navigation and fishing Emerging activities such as bioprospecting deep seabed mineral and hydrocarbon exploration and exploitation offshore renewable energy developments and marine scientific probes of deep sea areas challenge the applicability of maritime law and policy in new ways This handbook examines current regulatory and enforcement instruments and mechanisms for different sectors of maritime activity Covering various jurisdictions its specially commissioned chapters are authored by some of the world's foremost authorities on maritime law and offer unique perspectives on maritime law policy and practice This highly relevant collection is organised into four parts International Law Considerations in Maritime Regulation and Enforcement Role of States and other International Actors in Maritime Regulation

and Enforcement Regulation and Enforcement in Different Maritime Sectors Current Issues and Future Challenges This comprehensive reference work will be of interest to scholars and students of maritime law practitioners and non lawyers interested in the regulation of offshore areas as well as policy makers

State Territory and International Law Josephat Ezenwajiaku, 2020-05-31 This book proposes a re interpretation of Article 2 4 of the Charter of the United Nations to read or at least include respect for the inviolability of State territory While States purport to obey the prohibition of the Use of Force they frequently engage in activities that could undermine international peace and security In this book the author argues that State practice opinio juris as well as contentious and advisory opinions of the International Court of Justice have promoted the first limb of Article 2 4 Although wars between States have decreased the maintenance of international peace and security remains a mirage as shown by the increase in intra and inter State conflicts across the world The author seeks to initiate a rethinking of the provision of Article 2 4 which the International Court of Justice has described as the cornerstone of the United Nations The author argues that the time is ripe for States to embrace an evolutive interpretation of Article 2 4 to mean respect as opposed to the traditional view of the threat or the use of force He also evaluates the discourse regarding territorial jurisdiction in cyberspace and argues that the efforts made by the international community to apply Article 2 4 to cyberspace suggest that the article is a flexible and live instrument that should be adjusted to address the circumstances that endanger international peace and security This book will engineer a serious debate regarding the scope of Article 2 4 which before now has always been limited to the threat or use of force As a result it will be of interest to academics and students of public international law as well as diplomats and policymakers

Public Library Catalog ,1971

The Charter of the United Nations Bruno Simma, Hermann Mosler, Andreas Paulus, Eleni Chaitidou, 2002 Text of the Charter

Guide to the Study of International Relations Janusz Kazimierz Zawodny, 1966

A Manual of International Law Georg Schwarzenberger, 1952

Changing International Law to Meet New Challenges Andreas Laursen, 2006 The dissertation provides an approach that is more comprehensive than other contributions within this field It is located at the intersection of two central and challenging issues in international law The first concerns the ways in which such normative frameworks change evolve or are modified in international law The second concerns the extent to which the basic norms governing the use of force against terrorist have changed significantly since the attacks on New York and Washington DC in 2001 The international rules governing the use of force in international relations have been under pressure in recent years They have on several occasions been challenged by states practice be it through actual acts for example in the case of Kosovo 1999 Afghanistan 2001 and Iraq 2003 or in statements such as the 2002 US National Security Strategy A fundamental question concerns how international law reacts to such challenges does it disintegrate or does it adapt to the new circumstances It is found that international law in this area has in fact developed and adapted to meet new challenges posed by terrorism

The Practice of the United Nations in Combating Terrorism from 1946 to 2008 Bibi van Ginkel, 2010 Over the last thirty

years the UN has shown an unmistakable interest in combating terrorism This book analyses the practice of the General Assembly and the Security Council in combating terrorism It answers the question whether these organs taking into account their powers and the constitutional and public international law limitations thereof best contribute to a universal anti terrorism policy In order to assess whether both organs are indeed fulfilling this purpose the analysis of the adopted counter terrorism measures of both the General Assembly and the Security Council focuses on their legality and legitimacy Whereas the measures adopted should clearly fall within the powers of the organs legality testing the legitimacy of these measures adds another layer of information with regard to the quality of these measures The analysis of the legitimacy of the anti terrorism measures is based on the theory of Thomas Franck who claims that a rule s legitimacy provides information on the pull to compliance of the measure Apart from this critical analysis of the legality and the legitimacy of more than 130 resolutions adopted by both UN organs this book offers an essential insight in the way the degree of legitimacy of certain measures can be improved and how the overall effectiveness of the counter terrorism policy of the UN can be strengthened

The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University Hoover Institution on War, Revolution, and Peace,1969 **The Use of Nuclear Weapons and the Protection of the Environment During International Armed Conflict** Erik V Koppe,2008-04-07 This work focuses on whether the use of nuclear weapons during international armed conflict violates existing norms of public international law Repertory of Practice of United Nations Organs United Nations.
